

STOCK FOODSERVICE PRODUCTS

fabri-kal.com

Built on more than 60 years of product packaging excellence.

Fabri-Kal was founded in Kalamazoo, Michigan, in 1950 when seven shareholders and nine employees set up shop in 5,000 square feet of a former A&P grocery store.

Today, Fabri-Kal is one of North America's largest thermoformers, with more than 800 dedicated employees. Still headquartered in Kalamazoo, Michigan, Fabri-Kal has three manufacturing facilities and three printing facilities in the United States.

We are proud to be not only a family-owned company, but a company driven by our family's mission to act responsibly. We are a member of the Sustainable Packaging Coalition (SPC) and, in line with that commitment, our Kalamazoo, Michigan, plant earned LEED® Silver certification in 2010. Fabri-Kal is a leader in green packaging and the use of plant-based materials and post-consumer recycled (PCR) resins.

Our dedication to delivering the best product quality and customer service is unparalleled. From engineering to marketing, Fabri-Kal is home to industry-leading packaging talent, all sharing a passion to be the best by doing the best for our customers. That's what we mean when we invite you to Experience A Better Package™ with Fabri-Kal.

Kal-Clear® PET Drink Cups and Lids

Crystal-clear Kal-Clear® cups are sturdy, durable and attractive. Available in 10 sizes, ranging from 7 to 32 ounces, with accompanying lids available in domed and flat formats, both with and without straw slots. Cup inserts are also available to help create the perfect multi-ingredient grab-and-go package. Choose Kal-Clear® when you want a wide variety of merchandising options.

 Made from PET

FEATURES & BENEFITS

- ☑ Made from crystal-clear PET for complete product visibility
- ☑ Durable, robust material; no flavor or odor transfer
- ☑ 2 lid series fit 5 most popular cup sizes
- ☑ Many merchandising options with flat, straw-slotted and domed lids and cup inserts
- ☑ Printable surface for strong branding opportunities
- ☑ Smooth rolled rims provide a safe, comfortable surface
- ☑ Leak-resistant snap-fit lid application and removal
- ☑ Made in the U.S.A.

Nexclear® Polypropylene Drink Cups

Nexclear® contact clear drink cups are made of durable material. Available in 7 sizes, with accompanying lids available in domed and flat formats, both with and without straw slots. You can also add our cup inserts to help create a variety of grab-and-go options. Nexclear® is an excellent choice when you're seeking a cost-effective drink cup alternative.

 Made from polypropylene (PP)

FEATURES & BENEFITS

- ☑ Polypropylene cups are contact clear for complete product visibility
- ☑ Durable material; no flavor or odor transfer
- ☑ 1 lid series fits 4 most popular sizes
- ☑ Many merchandising options with flat, straw-slotted and domed lids and cup inserts
- ☑ Embossed capacity marks offer easy, practical fill identification and portion control
- ☑ Printable surface for strong branding opportunities
- ☑ Available in white, allowing graphics to "pop" off white background
- ☑ Smooth rolled rims provide a safe, comfortable surface
- ☑ Leak-resistant snap-fit lid application and removal
- ☑ Made in the U.S.A.

Greenware® Cold Drink Cups & Lids

Made From Plants

Greenware® is Fabri-Kal's exclusive line of sturdy, crystal-clear cold drink cups and containers, made entirely from plants – not petroleum. Made from Ingeo™ biopolymer, a PLA resin derived from plants. Greenware® shows customers you're doing the right thing. After all, research shows that's something consumers look for in the restaurants they frequent.*

Greenware® Cold Drink Cups are sturdy and attractive, ranging in size from 7 to 24 ounces. A great choice in sustainable packaging.

*Consumer Research Source: Fabri-Kal Proprietary Study.

 Made from Ingeo™ biopolymer

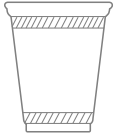

FEATURES & BENEFITS

- ☑ Communicate a powerful message with the Greenware® stock print
- ☑ Can be custom-printed with your logo and messaging
- ☑ Made from Ingeo™ biopolymer, a PLA resin derived from plants
- ☑ Plant sources are domestically grown and annually renewable
- ☑ BPI certified to be 100% compostable in industrial facilities, which may not exist in your area. Not suitable for home composting
- ☑ Crystal-clear for total product visibility
- ☑ Durable material; no flavor or odor transfer
- ☑ Smooth rolled rims provide a safe, comfortable surface
- ☑ Leak-resistant snap-fit lid application and removal
- ☑ Made in the U.S.A.

Greenware® Portion Cups

Like all Greenware® products, crystal-clear Greenware® portion cups are made from Ingeo™ biopolymer, a PLA resin derived from plants. Choose from 3 popular sizes with leak-resistant lids that make containers stackable.

 Made from Ingeo™ biopolymer

FEATURES & BENEFITS

- Communicate a powerful message with the Greenware® stock print
- Can be custom-printed with your logo and messaging
- Made from Ingeo™ biopolymer, a PLA resin derived from plants
- Plant sources are domestically grown and annually renewable
- Durable material; no flavor or odor transfer
- BPI certified to be 100% compostable in industrial facilities, which may not exist in your area. Not suitable for home composting
- Smooth rolled rims are leak-resistant, with snap-fit lid application and removal
- Lids are stackable to aid in packing, transport and storage of lidded containers
- Made in the U.S.A.

Greenware® On-The-Go Boxes

Create, stack and sell exciting food combinations throughout the day with Greenware® On-The-Go Boxes. They're crystal-clear, compact and available in 2-, 3- and 4-compartment designs with one flat lid that fits all. Plus they're made from Ingeo™ biopolymer, a PLA resin derived from plants.

 Made from Ingeo™ biopolymer

FEATURES & BENEFITS

- ☑ 6" square compact designs – maximizes shelf space
- ☑ Crystal-clear for total product visibility
- ☑ Shrink band-compatible for tamper evidency
- ☑ One stackable flat lid fits all containers
- ☑ Made from Ingeo™ biopolymer, a PLA resin derived from plants
- ☑ Plant sources are domestically grown and annually renewable
- ☑ BPI certified to be 100% compostable in industrial facilities, which may not exist in your area. Not suitable for home composting
- ☑ Made in the U.S.A.

Kids Cups

Fabri-Kal Kids Cups are a lightweight, economical polypropylene drink cup alternative to injection-molded options. Stock-printed Kids Cups feature bright, attractive designs and combo-packed red lids and straws to engage dining children. Kids Cups may also be custom-printed and feature a smooth rolled rim for drinking comfort and leak-resistant lid application.

Made from polypropylene (PP)

FEATURES & BENEFITS

- Polypropylene cups are durable; no flavor or odor transfer
- Wide base is sturdy and tip-resistant
- 1 lid fits all Kids Cups
- Printable surface for strong branding opportunities
- Popular stock-printed designs available
- Smooth rolled rims provide a safe, comfortable surface
- Made in the U.S.A.

Cup Insert Solutions

Fabri-Kal cup inserts pair with Kal-Clear®, Nexclear® and Greenware® cups and lids to create the perfect multi-ingredient grab-and-go packaging. Choose plant-based Greenware® for a sustainable packaging solution.

Combo Packs

We've matched Fabri-Kal cup inserts with the right cups and lids and put them into Cup Insert Combo Packs. Choose the 12 oz. Kal-Clear® PET drink cup with 4 oz. cup insert, the 9 oz. PET drink cup with 2 oz. cup insert or the 12 oz. Greenware® drink cup with 4 oz. Greenware® cup insert.

FEATURES & BENEFITS

- ☑ 1 cup insert size fits with multiple cup and lid sizes for endless menu options
- ☑ Custom notch design allows for easy insert and removal
- ☑ Crystal-clear for total product visibility
- ☑ With Combo Packs, 3 components are combined in one convenient pack to help maximize space
- ☑ Inserts suitable for heat sealing with most cup sizes
- ☑ Made in the U.S.A.

Indulge™ Dessert Containers

Indulge™ dessert containers are made from 20% post-consumer recycled (PCR) PET bottles for reduced environmental impact. Featuring a unique design, Indulge™ is available in 3 sizes, ranging from 5 to 12 ounces, with accompanying lids available in flat or domed styles. Indulge™ dessert containers are another environmentally conscious choice from Fabri-Kal.

 Made from PET

FEATURES & BENEFITS

- ☑ Made from PET that contains a minimum of 20% post-consumer recycled (PCR) PET plastic bottles
- ☑ Reduces use of virgin raw materials and amount of refuse going to waste streams
- ☑ Sturdy, high-performance, crystal-clear container for complete product visibility
- ☑ Printable surface for strong branding opportunities
- ☑ Low-profile “swirl” dome with hole or tall flat-top dome can serve as a treat dish
- ☑ Versatile dome lids are ideal for frozen confections
- ☑ Made in the U.S.A.

Alūr™ Round Containers

Crystal-clear, durable Alūr™ round containers are made from 50% post-consumer recycled (PCR) PET plastic bottles for reduced environmental impact. Available in 8 sizes, ranging from 5 to 32 ounces, with the 5 most popular containers fitting to one common lid. Sturdy Alūr™ containers are engineered to be operation-friendly, durable, and leak-resistant.

Wide Flange Containers

Wide Flange Alūr™ containers were designed to meet food processor packaging needs and maximize operational efficiency. They are compatible with automated-fill and heat-sealing equipment and help ensure optimal product freshness and integrity.

FEATURES & BENEFITS

- ☑ Made from PET using a minimum of 50% post-consumer recycled (PCR) PET plastic bottles
- ☑ Durable, robust containers hold up in operations; no flavor or odor transfer
- ☑ Brilliantly clear for complete product visibility
- ☑ Our containers are suitable for printing and labeling to showcase your brand
- ☑ Made in the U.S.A.
- ☑ Outerfit lids are easy to open and close numerous times
- ☑ **Wide Flange** containers are heat sealable for tamper-evident applications
- ☑ **Rim Rolled Alūr™** containers are leak-resistant with their snap-fit lids

Pro-Kal™ Deli Containers

Contact-clear and microwavable, Pro-Kal™ containers are a line of round deli tubs made of durable, shatterproof polypropylene. Available in 7 sizes ranging from 5 to 32 ounces, with 2 lid styles to fit the 6 most popular container sizes. Pro-Kal™ is a lightweight and cost-effective packaging choice.

Made from polypropylene (PP)

FEATURES & BENEFITS

- ☑ Made with material that is microwave-safe
- ☑ 1 lid diameter fits 6 Pro-Kal™ containers for fewer SKUs to distribute and stock
- ☑ Unsusceptible to flavor or odor transfer
- ☑ Recessed plug-fit and overcap lid (printable) compatibility for presentation and application flexibility
- ☑ Heat-seal and shrink-band compatible for tamper-evident applications
- ☑ Large, flat and uninterrupted labeling space for strong branding opportunities
- ☑ Smooth rolled rims for leak-resistant snap-fit lid application and removal
- ☑ Available in white, allowing printed graphics to stand out
- ☑ Combo Packs available for convenience and operational simplicity and to minimize storage requirements
- ☑ Made in the U.S.A.

Clear Food Containers & Lids

Fabri-Kal clear food containers are a line of clarified polystyrene flavor- and odor-resistant cups. Available in 3 sizes – 3, 4 and 5 ounces – with 2 lid sizes available. With a chamfered spoonable bottom and clear, flat lid, they stack and nest during packing, transport and storage. Not suitable for use with oils and other fats.

Temperature Guidelines For All Fabri-Kal Products

To ensure proper usage of Fabri-Kal products, we have provided these tested and previously published guidelines. These guidelines are recommended for most applications. They are, however, not a substitute for product testing and can be affected by differing recipes, ingredients, processes and supply chains. You are ultimately responsible for the confirmation of product acceptability based on your specific conditions.
