# We all take care

Vileda Professional's view on sustainability

# Responsibility for the future

Caring for the future is nothing new to us. We've been on that road for several years and we will stay on it for as long as we are active in the industrial world.

## What does our dedication to sustainability mean to you?

That the products you use are developed for maximum cleaning performance and for effective waste management. That production processes and logistics have been optimised for as low environmental impact as possible.

Quite simply – an environmental peace of mind.

## “We all take care”

The Freudenberg Group – where Vileda Professional is a part – has had a clear sustainability approach for many years. Already in 1889 the company started a corporate citizenship program, including several voluntary social and welfare services.

And in 2003 the powerful internal program “We all take care” was launched to encourage every associate to contribute ideas and suggestions in terms of improving safety at work and environmental protection for both colleagues and neighbours.

So we are fully aware that sustainability is an ongoing everyday-challenge and has to be continuously implemented and lived by every member of the company.

## Sustainable cleaning logo

From our extensive product portfolio, we have selected a range of products that meet specific criteria from a sustainability point of view. Using them in the daily cleaning business is a contribution to taking care for future generations. Also you can be sure that taking on a clear sustainability approach will strengthen the competitive edge to your business.

Look for this logo to easily identify our ever growing family of sustainable products

For many years Vileda Professional has had a clear approach to sustainability. We develop and market high performance products that are durable, washable, re-usable and with an ergonomic focus.

From our extensive product portfolio, we have selected a range of products that meet specific criteria from a sustainability point of view. Using them in the daily cleaning business is a contribution to taking care for future generations. Also you can be sure that taking on a clear sustainability approach will strengthen the competitive edge to your business.

## Top performance. Top-of-the-line products.

Sustainability criteria is one side of this product selection, the other is of course cleaning performance in all its senses.

Fast, effective cleaning with top economy and ergonomics will make a substantial impact on both the cleaning result and on your bottom line figures!

## Sustainability Criteria

Our products are classified as “sustainable” when one or more of the following criteria are fulfilled.

- |                          |  |
|--------------------------|--|
| <b>Efficiency:</b>       | > 25% savings gained in at least one of the criteria: <ul style="list-style-type: none"><li>• Time needed.</li><li>• Water consumption.</li><li>• Chemicals consumption.</li></ul> |
| <b>Hygiene:</b>          | Ability to remove min. 99% of bacteria.  |
| <b>Ergonomics:</b>       | Tested internationally or certified by independent institute.  |
| <b>Laundering:</b>       | Saves > 25% cost during washing process (e.g. higher washloads).   |
| <b>Durability:</b>       | > 300 washes (for textiles).   |
| <b>Raw materials:</b>    | > 50% recycled or renewable.   |
| <b>Biodegradability:</b> | Product is biodegradable.  |

## Traditional Wet Mops - The Right Choice

Generally speaking, mops do not wear out through use, but rather abuse. We have outlined a few basic maintenance tips that will extend the life of your mop and its efficiency.

### Mop Basics

1. Break-in new mop heads in warm, mild detergent solution for at least 20 minutes.
2. Avoid strong cleaning solutions that will cause the strands to break more quickly.
3. Always rinse and wring out mops after every usage.
4. Store mop heads by hanging in a warm, dry, well-ventilated area.
5. Avoid scrubbing with the top portion of the mop head, as this will tear the strands and shorten the mop life.
6. When mopping rough surfaces, always mop in the direction that minimizes snagging.

### Cut End VS Looped-End mops

#### Cut End Mops

Cut End mops are the most popular due to their lower initial purchase price, therefore they are seen as more economical.

However, cut end mops are not supposed to be laundered, and are most often thrown in the trash far before they should be. This in turn creates more waste in our landfills, and has a negative effect on the environment. Cut-end mops also unravel with use, and tend to lint.

#### Looped End Mops

It has been stated that looped end mops outlast cut-end mops 7:1. It is no secret in the industry that looped mops have superior performance, and last far longer than cut end mops. Additionally, their tailband provides higher mopping coverage, and prevents unravelling. Overall looped-end mops are a more environmentally friendly and economical choice.

#### Mesh Headband

- Poly coated for maximum performance and durability
- Quality Stitching
- Stylish Navy Blue

#### Tailband Tape

- Prevents tangles
- Wider surface coverage
- Improves commercial lauderability

#### Absorbency

- Faster drying times
- Allows for greater surface area to be cleaned

#### Durability

- Quality synthetic yarns such as MicroEco and The Looper increase the longevity of the mops

#### Performance

- A high degree of debris pick-up in a wide variety of floor surfaces

## MicroEco™ – Looped End Mop

**Go green...** naturally, with our MicroEco Mop made of post-consumer PET plastic soda bottles and revolutionary Microfiber technology. The advantages of utilizing microfiber yarn are: minimized linting, high resistance to chemicals & disinfectants resulting superior mop.

Our New MicroEco Mop is just another step in helping preserve our natural resources as it prevents thousands of bottles from becoming landfill waste. Together, we can all commit in doing our part to protecting the environment.

This unique 4 ply yarn is manufactured from a combination of 2 strands of Microfiber yarn and 2 strands of Green PET synthetic fibers derived from plastic bottles.

- All mops are individually poly-bagged.
- Available in narrow band (4.3 cm/ 1.75 in) and wide band (12.6 cm/ 5 in)
- Suitable for Healthcare

## The Looper - Narrow Band

- The best choice available in traditional wet mopping.
- Ideal for hospitals and nursing homes where high standards and strict requirements are easily satisfied.
- Made from a unique blend of yarn that enables superior absorbency while withstanding repeated commercial laundering up to 60 times.
- Heavy duty poly coated headband mesh withstands harsh chemicals, launderings for the life of the mop and abuse when headband is used as a scrubber.
- Looped-end construction allows for maximum floor coverage while eliminating tangling, fraying and linting.

- Made without any cotton fiber
- Avoid cross-contamination with colour coded mops.
- Available in 3 colours – 5 ply yarn.
- All mops are individually poly-bagged.
- Available in both narrow band (4.3 cm / 1.75 in) and wide band (12.6 cm/ 5 in).

## MicroEco Cut End Mop™

Our MicroEco™ Cut End Mop is just another step in helping preserve our natural resources as it prevents thousands of bottles from becoming landfill waste. Together, we can all commit in doing our part to protecting the environment.

This unique 4 ply yarn is manufactured from a combination of 2 strands of Microfiber yarn and 2 strands of Green PET synthetic fibers derived from plastic bottles.

- All mops are individually poly-bagged.
- Available in narrow band (4.3 cm/ 1.75 in).

**Recommended frame:**  
**Narrow Band** – Snap-N-Go, Quick Change

# DUST MOPPING

## Dust Mopping

### Why is Dust Mopping so important?

The regular use of a dust mop will control dust which saves time and money while promoting a healthy environment. Routine dust removal will eliminate abrasive dust particles that ruin your floor and its finish. Dust mopping will protect your floors, help save you time and drastically reduce your labour cost for stripping and refinishing floors. Dust mops are an important factor to developing a floor care program. We offer quality dust mops in various sizes, designed for top performance.

Our complete line of mops can make your dust control program a success.

### Dustmops

All dust mops, whether cotton or Hi-Stat, are constructed from the highest quality yarns that are sewn onto a durable polyester backing.

Available in two styles, Tie-On or Break-Away ranging in lengths from 18" to 60". Every floor that is being dusted requires a dust mop specifically designed for that environment, in order to provide the best

possible performance. Environment, budget and preference will be the determining factors as to which type of dust mop is best suitable for the task at hand.

We manufacture varieties of high quality dust mops to assist in the efficient removal of dust and dirt.

All our dust mops are designed for high performance in the most demanding environments.

### Caring for your Dust Mop

1. At the end of each shift/usage, the dust mops should be shaken out, vacuumed or brushed completely, in order to remove the larger particles from the mop. If treatment is being used, it should be re-treated when necessary.
2. If the dust mop is clean, it should be stored upright in a clean/dry area, away from the wall and floor.
3. If the dust mop is soiled, it should be laundered. We recommend a laundry net be used. Cotton, Hi-Stat, G-Stat dust mops should be laundered separately.
4. Mops manufactured using synthetic yarn are better for laundering.

## HiStat™ Dust Mop - Break Away

**The ultimate dust mop.  
A must when you demand ultimate quality and value.**

- All our HiStat dust mops have the ability to remove dust without the need for expensive and potentially hazardous dust mop treatments.
- HiStat uses electrostatic properties to attract and hold dust particles.
- HiStat dust mops are manufactured from durable specially blended yarn that is sewn onto a durable polyester backing.
- The specially blended yarn allows dust mops to withstand heavy use and repeated commercial laundering with virtually no fraying, tangling, unravelling and linting.
- These mops feature much more yarn fill than competitive mops; therefore, increasing the ability to control dust.
- Use a Break Away frame with all Break Away mops

## MicroEco Dust Mop - Tie-on

Go green... naturally, with our new MicroEco Dust Mop made of post-consumer PET plastic soda bottles and revolutionary Microfiber technology. The advantages of utilizing microfiber yarn are: minimized linting, high resistance to chemicals & disinfectants resulting in a mop that works.

Our MicroEco Mop is just another step in helping preserve our natural resources as it prevents thousands of bottles from becoming landfill waste. Together, we can all commit in doing our part to protect the environment.

This unique 4 ply yarn is manufactured from a combination of 2 strands of Microfiber yarn and 2 strands of Green PET synthetic fibers derived from plastic bottles.

- Use a dustmop frame with all Tie-on dust mops – See page 31

# UltraSpeed Floor Mopping System

## One frame. All solutions.

The UltraSpeed System was developed to be simple to use, easy to clean difficult areas, offer maximum cleaning performance while significantly reducing mopping times. And all this at an affordable price. The result is a comprehensive floor cleaning system that sets new standards in usability, versatility, efficiency and ergonomics.

The benefits can be summarized in a single sentence: Performance made easy. Are you having problems with traditional mopping? UltraSpeed is the answer!

UltraSpeed is based around an innovative wringer that simplifies the wringing of flat mops and is available in your choice of systems from a 12 qt. kit for small areas through the Origo trolley system for large premises.

For a detailed video demonstration please visit our website: [vileda.com](http://vileda.com)

Traditional Mopping	VS. UltraSpeed
<p><b>Poor Hygiene:</b></p> <ul style="list-style-type: none"> <li>• Cotton mop heads suffer from poor appearance after several uses and can smell.</li> </ul>	<p><b>Hygienic:</b></p> <ul style="list-style-type: none"> <li>• Microfiber cleaning performance – 99.9% bacteria reduction</li> <li>• Microfiber mop pads machine washable up to 500 times</li> </ul>
<p><b>Low Performance:</b></p> <ul style="list-style-type: none"> <li>• Mop heads are hard to control making it easy to accidentally splash water on furniture and skirtings.</li> <li>• Cotton stores high levels of water in the mop head after wringing causing the mop head to aqua plane on the floor rather than clean it. The result is dirt being moved around the floor rather than removed from it.</li> </ul>	<p><b>High Performance:</b></p> <ul style="list-style-type: none"> <li>• 50% faster than conventional wet mopping over 50m<sup>2</sup> / 500 sq. ft.</li> <li>• 35% faster drying, floors back in use twice as fast.</li> <li>• 35% faster removal of stubborn dirt and stains.</li> <li>• Unique, changeable colour coding system</li> <li>• Special mop pad for use on safety floors</li> <li>• A variety of mops for different application areas</li> </ul>
<p><b>Difficult to Use:</b></p> <ul style="list-style-type: none"> <li>• Difficult to insert mop head into the bucket and press.</li> <li>• Cannot be used to clean walls, skirtings and staircases</li> <li>• Heavy</li> <li>• The machinery often involves complicated press mechanisms that can break and be strenuous.</li> <li>• Dust mopping is necessary before wet mopping</li> </ul>	<p><b>Easy to Use:</b></p> <ul style="list-style-type: none"> <li>• Easy to control. Flat mopping removes the chances of splashing other surfaces while cleaning.</li> <li>• Effectively cleans skirting boards, walls and staircases.</li> <li>• 50% lighter than conventional systems - ergonomic benefit</li> <li>• Chassis system allows buckets to be detached, reducing the weight when emptying and filling.</li> <li>• Eliminates the need for dust mopping.</li> </ul>

Staircases

## Versatile

Controlled cleaning with the flat mop frame, no splashing of other surfaces

Walls

Skirting's

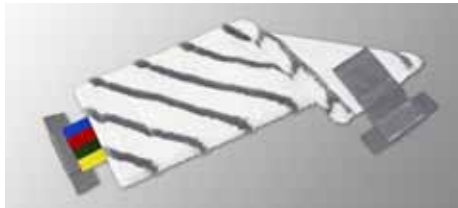

Floors

## Colour Coded

Changeable colour coding system reduces SKUs and improves versatility

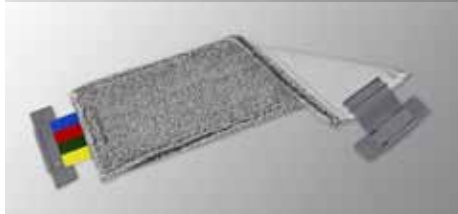

- To change colours just replace clip on the bucket
- Conforms with foodservice standards
  - All kits come complete with 8 clips (BRYG).
  - Extension handle features colour coded rings

### UltraSpeed Mops

#### MicroPlus Mop - Universal (most versatile)

- Microfiber moppad for sealed and structured floors
- Power zone strips allow for scrubbing stubborn dirt
- For wet and moist mopping
- Washable up to 60° C /140° F

#### Micro Safe Mop

- Special mop for rough floors
- For wet scrubbing excellent in loosening stubborn dirt
- Washable up to 70° C /155° F

#### Trio Mop

- Different fibre types for absorbency and durability:
  - White zone:** Microfiber for high mechanical cleaning action with minimal chemical use
  - Grey zone:** First quality polyester provides low friction and high durability
  - Beige zone:** Blended polyester and viscose to provide absorbency
- Maximum temperature 95° C / 203° F

#### Micro Lite

- All purpose microfiber moppad for intensive cleaning
- Polyamide stripes to clean stubborn dirt very easily
- For wet and moist mopping and can be used for waxing
- All mops are washable up to 70° C /155° F
- Can be used for waxing

## UltraSpeed Mini

### Small in size. Big on Performance.

UltraSpeed Mini is the latest addition to the hugely successful UltraSpeed family. Created specifically to fulfil the requirements of all small area cleaning (107-322 sq ft/ 10-30 m<sup>2</sup>), UltraSpeed Mini combines the ergonomic, performance and hygiene benefits of the existing UltraSpeed range into a small, compact system.

### Twice as fast as traditional wet mopping at

- Cleaning small areas (215 sq ft/20 m<sup>2</sup>)
- Removing stubborn dirt
- Drying floors

### Suitable for more tasks than traditional wet mopping

UltraSpeed Mini allows you to do more than mop including:

- Walls and tile cleaning
- Skirting and staircases
- Safety floors (with SafeMop Pad)

### In more locations

The compact 10.5 qt/10L bucket and flat mop makes it ideal for offices, cafes, small retailers, restaurants, reception areas, hotel bedrooms/bathrooms, canteens, kitchens and toilets.

## The Swep System

Cut costs and defeat bacteria. All at the same time.

### Award-winning, cost efficient and complete system

Again – Swep from Vileda Professional is the market leading and most comprehensive solution, offering superior cost-in-use. The complete system includes everything needed for effective and time-saving cleaning – microfiber mops & cloths, frames, handles and accessories for dry, damp and wet cleaning.

Choose between Swep Classic or the new Swep Duo. The latter features double-sided high performance mops which allows up to double the cleaning area with just one mop. Perfect for larger patient rooms or corridors.

Swep Duo have won several international awards for outstanding functionality and design, such as iF product design and Red Dot award.

reddot design award  
winner 2006

## The Swep System

# Scientific tests prove the cleaning performance – up to 99.9 % bacteria removal

The BMA Laboratory in Bochum, Germany, carried out a test to determine the microbiological cleaning performance of Vileda Professional products. No chemicals or disinfectants were used in the test.

Bacteria strains were applied to an uncoated PVC floor material, which was then cleaned with Vileda Professional products that were moistened with a pre-defined amount of neutral cleaner.

The result was outstanding – up to 99,9 % removal of bacteria (*Pseudomonas aeruginosa* and *Staphylococcus aureus*).

Swept MicroPlus mop **99.92 %** bacteria removal

Swept MicroTech mop **99.66 %** bacteria removal

**Please contact one of our representatives to try this system.  
For a detailed video demonstration please visit our website:  
[vileda.com](http://vileda.com)**

## Enhanced for today's Healthcare environment

The Swep Microfiber cleaning system combines the latest materials and cleaning methods to remove the inadequacies of traditional systems.

### Reduced cross contamination/improved hygiene

After the cleaner finishes in one room/area they simply change the mop and place another pre-prepared mop on the frame for use in the next room/area. The soiled mop is then placed into a bag for laundering.

### Improved ergonomics – never wring a mop again!

A key objective in the development of the system was to reduce the effort required by the cleaner. Pre-prepared mops replace heavy buckets and wringers and the use of low-weight tools and materials reduces the muscular stresses on cleaning operatives.

### Chemical savings

The controlled pre-preparation method and mechanical action of the microfiber mops drastically reduce the amount of chemicals required in the cleaning process.

### 1000 wash guarantee

All mops in the Swep range are guaranteed to last 1000 wash cycles if correct washing protocols are followed – that's nearly three years' lifespan if laundered daily.

### Damp mopping – floors are back in use quicker

The controlled dosing system leaves each mop damp enough to remove dirt without leaving the floor wet, which results in floors getting back in use quicker.

### Pre-prepared mopping with equal dosing

Mops are centrally prepared before cleaning with the correct amount of water and chemical. This method removes the need for wringing or rinsing during the shift, reducing cleaning time.

The Swep dosing method ensures each mop is pre-dosed with an equal amount of water, guaranteeing effective cleaning from all the mops.

## Swep Classic Microfiber Cleaning System

### Swep Classic Mop Frame

- Lightweight, durable plastic frame, trapezoid shape
- Multi-directional swivel head for easy dirt removal – able to fit in narrow places
- Instruction of cleaning direction by arrow shown on top of frame
- Use with our SW8357/119967 Telescopic Handle

Old Product Code	NEW Code	Product Description	Size	Pack	Application
SW7581	114427	Swep high speed mop holder, plastic – grey	20 in/ 50.8 cm	1	

### Swep Classic MicroTech - Pocket

#### General Damp Mopping

- Patented fiber technology for a high durability and cleaning performance.
- Microfiber yarn cleans without the need of chemicals
- A universal mop for general damp mopping.
- High absorbency and 15% less friction when used damp
- Guaranteed washable up to 1000 times with hypochlorite. (if correct washing protocols are followed)

Old Product Code	NEW Code	Product Description	Size	Pack	Application
SW7586-50	508420	Swep Classic MicroTech – grey	20 in/ 50.8 cm	1	

### Swep Classic MicroCombi - Pocket

#### Intense Damp Cleaning

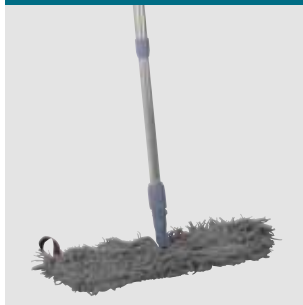

- Proven reduction in bacteria – Independent tests carried out by existing users show significant reductions in bacteria and dust. Data highlights reductions of outbreaks involving MRSA and C-Dif.
- New with strong cleaning stripes to reduce the friction
- For cleaning of open structured or absorbent floors
- Guaranteed washable up to 1000 times with hypochlorite. (if correct washing protocols are followed)

Old Product Code	NEW Code	Product Description	Size	Pack	Application
SW7594-50	507593	Swep Classic MicroCombi – grey	20 in/ 50.8 cm	1	

## Sweep Duo Microfiber Cleaning System

### Sweep Duo Safety Plus Mop

- Cut pile polyamide fibers offer superior scrubbing effect
- Extra strong fibers for long durability
- Low friction cleaning effect on “high friction” structured floors
- Perfect replacement of brushes for tiles and other textured surfaces
- 2 sided mop (Duo SafetyPlus) offers users the ability to scrub and pick up dirt with one mop

Old Product Code	NEW Code	Product Description	Size	Pack	Application
	512132	Sweep Duo Safety Plus mop refill	50.8 cm/ 20 in	1	

### Sweep Duo Double Sided Frame

- Lightweight and ergonomic durable plastic frame, trapezoid shape
- Multi-directional swivel head for easy dirt removal – able to fit in narrow places
- Instruction of cleaning direction by arrow shown on top of frame
- Use with our SW8357/119967 Telescopic Handle

## MicroPad Cleaning System - Velcro Style

### MicroPad Floor Cleaning Tool

- The light weight aluminum frame has a trapezoid shape for corners. The hook and loop attachment will hold all pads securely. End caps are non-marking. Interlocking collar allows for most types of handles.
- A 360° degree swivel head allows for easier movement of frame.
- Can be used with our aluminum extension handle FH372EX-NT/ 135365 or our Vileda telescopic handle SW8357/119967

Old Product Code	NEW Code	Product Description	Size	Pack	Application
CL7400-16	135348	16" MicroPad floor cleaning tool	41 cm / 16 in	1	  
CL7400-18	131591	18" MicroPad floor cleaning tool	45 cm/ 18 in	1	  

### MicroPad – Wet

Due to a special twisted process the micro-wet pads keep their shape longer and prevent less linting in comparison to other types of pads.

MicroPad Wet pads are made with ultra fine micro fibers which remove more dirt and bacteria than old traditional methods.

New generation Velcro backing lasts longer, holds up better against repeated launderings and attaches more securely to our frame

MicroPad Wet pads are designed to withstand repeated washings and are sewn for superior strength with a polyester fringe.

- No internal sponge allows our MicroPad Wet pads to launder and dry better in commercial driers.
- MicroPad Wet pads last 25-35% longer than economy wetpads.
- "Can be used with our 18" MicroPad floor cleaning tool CL7400-18 / 131591

Old Product Code	NEW Code	Product Description	Size	Pack	Application
MF4018	131600	18" MicroPad wet pad – blue	45.7 cm/ 18 in	6	  

## MicroPad Dry

MicroPad Dry pads are made with 100% ultra fine microfibers. They are able to remove and hold more dirt and bacteria than old traditional methods

Using the micro dry pad gives you 40 times more floor surface coverage than traditional string mops.

- New generation Velcro backing lasts longer, holds up better against repeated launderings and attaches more securely to our frames
- Pile weight 720gr/m<sup>2</sup>
- Can be used with our 18" MicroPad floor cleaning tool CL7400-18 / 131591

Old Product Code	NEW Code	Product Description	Size	Pack	Application
MF5018	131602	18" MicroPad Dry pad	45.7 cm/ 18 in	6	  

## MicroPad Dry With Fringe

With the added looped fringe the micro-dry pad pick up and hold more dust and larger debris. Pads are made with ultra fine 100% ultra fine microfibers. Will remove and hold more dirt and bacteria than old traditional methods.

Using the micro-dry pad gives you 40 times more floor surface coverage than traditional string mops.

- MicroPad Dry with fringe pads are designed to withstand repeated washings and are sewn for superior strength with a polyester fringe.
- Pile weight 720gr/m<sup>2</sup>
- Can be used with our 18" MicroPad floor cleaning tool CL7400-18 / 131591

Old Product Code	NEW Code	Product Description	Size	Pack	Application
MF5518	134743	18" MicroPad Dry pad with fringe	45.7 cm/ 18 in	6	  

## MicroPad Scrubby

The MicroPad Scrubby removes small scuff marks and shoe markings without scratching floors. It's easy to put on the handle and is not attached to any handle allowing the operator to use their foot when stubborn dirt is encountered.

Old Product Code	NEW Code	Product Description	Size	Pack	Application
MF4200	502245	MicroPad Scrubby – blue	51 x 50 x 55 cm/ 20.08 x 19.69 x 21.65 in	1	  

## Wall Washing Systems

- This Wall Washing System is designed to wash and dust hard to reach areas where machine cleaning is impossible such as: corners, edges, stair wells and walls.
- Units features a 360° swivel action and accommodate both tie-on style mop head and velcro style mop head.
- Attaches securely to holder with Velcro or in a tie-on style
- Detachable cotton refill can be removed easily for laundering.

Old Product Code	NEW Code	Product Description	Size	Pack	Application
WI940-01	135032	9" Tie on style cotton mop – cut end	23 cm/ 9 in	12	  
WI940-02	135324	Frame and handle for item WI940-01	137 cm/ 54 in	1	  

## Doodle Bug Frame & Refill

- Attaches securely to holder with Velcro style grip
- Detachable cotton refill can be removed easily for laundering.
- Attach refill securely to holder with Velcro style back
- Our cotton dust mops are absorbent and economical.
- Constructed of a four-ply high quality cotton yarn that is sewn onto a durable polyester backing.
- All our cotton dust mops feature more yarn fill than competitive mops on the market which translates to even greater dust retention.
- The Doodle Bug Frame can also be used with our abrasive utility pads  
Handle not included – FH372EX-NT/ 135365

Old Product Code	NEW Code	Product Description	Size	Pack	Application
WI17-048	135327	Doodle Bug flat sticky frame only	23 cm/ 9 in	1	  
WI17-100	135031	Doodle Bug sticky style cotton mop – cut end	23 cm/ 9 in	12	  
MF4009	134741	MicroPad wet pad for Doodle Bug	22.9 cm/ 9 in	6	  

## Caution Signs

### Wet Floor Signs

Floor signs alert the public to the dangers of slippery, wet floors or other hazards that pose a safety risk. The 28 inch tall signs fold for convenient storage and are printed on both sides in English, French and Spanish.

- Bright yellow floor signs communicate the necessary warning message to help maintain safety.

**Size:** 72 x 32 x 22.5 cm / 28½ x 12¾ x 9 inch

Old Product Code	NEW Code	Product Description	Size	Pack	Application
MI7003	134775	Floor Sign "Caution Wet Floor" – English/ French	72 x 23 x 33 cm/ 28.35 x 9.06 x 12.99 in	6	  
MI7005	134777	Floor Sign "Caution Wet Floor" – English	72 x 23 x 33 cm/ 28.35 x 9.06 x 12.99 in	6	  
MI7007	134779	Floor Sign "Caution Wet Floor" – English/ Spanish	72 x 23 x 33 cm/ 28.35 x 9.06 x 12.99 in	6	  

### Safety Cone

4 Sided Safety Caution Cone is ideal for any environment where warning must be seen from all directions

- Durable one piece construction
- Easy to clean and sanitize
- Space saver – Cones are stackable
- Highly visible bright yellow colour
- English, French and Spanish

Old Product Code	NEW Code	Product Description	Size	Pack	Application
WF1000-1ES	135026	4 Sided Safety Cone	91.4 cm/ 36 in	5	  

## Hanging Door Signs

Door frame sign will block doorways from 89 to 122 cm / 35 to 48 inches.

- Helps prevent access to restricted areas
- Signs are made of heavy duty vinyl material for long life
- Can be rolled up for easy storage
- Door frame handle (135029) must be ordered with sign to complete

Old Product Code	NEW Code	Product Description	Size	Pack	Application
WF9001	135027	Hanging Door sign "Closed for Cleaning" – Eng/ Spanish	for 109 cm/ 43 in opening	6

# UltraFlex...

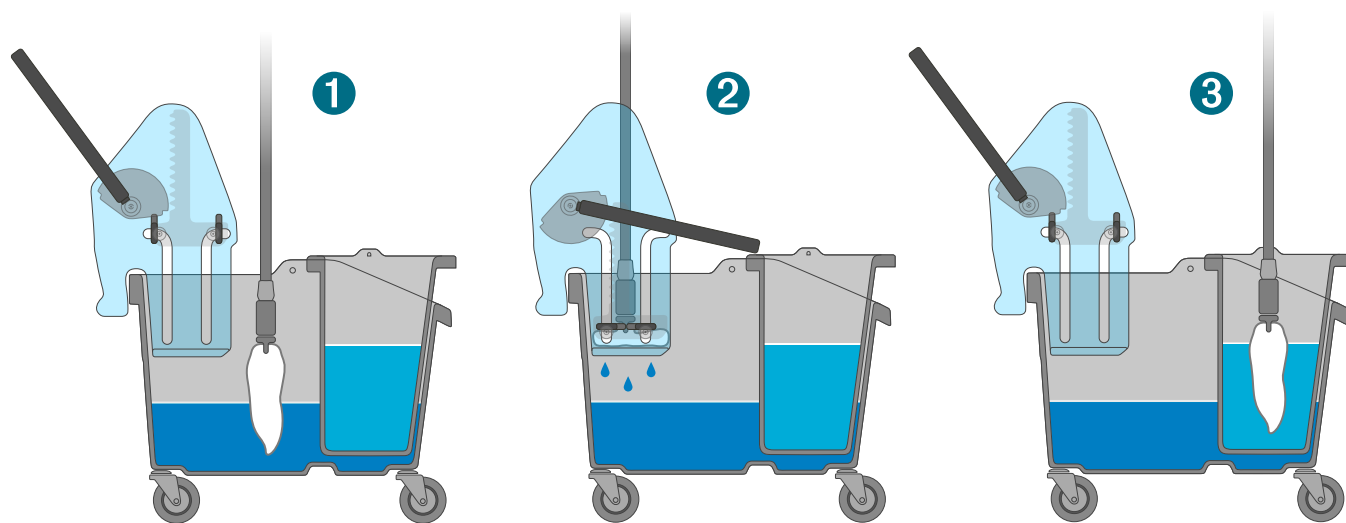

## As good as wet mopping gets!

If you are looking for the most up-to-date, innovative and ergonomic bucket-and-wringer system on the market – look no further.

It's here and it's the UltraFlex system from Vileda Professional – Marino. Engineered from the ground up, UltraFlex has been designed to perform the most hygienic cleaning of floors available today!

### Steps to proper floor cleaning

After cleaning a portion of the floor, you now rinse your soiled mop in the dirty water compartment. This is done to remove any access dirt from the mop before it enters the clean water compartment.

It is recommended that you wring the mop at this stage before the mop enters the clean water.

Once the mop has been submerged into the clean water, you will now wring out the mop to the desired moisture level. Continue to clean your floor, repeating steps one and two.

### Top in class ergonomics

Having healthy personnel pays off in the long run, and one way of reducing wear and tear and body stress is providing cleaning tools with top class ergonomics.

UltraFlex has several features that all lead in the direction of offering your cleaning staff tools that are easy-to-handle, easy-to-use and with a minimum of uncomfortable movements.

- Extended leg design prevents excessive bending minimizing back strain
- Downpress wringer reduces the wringing force needed
- Bails and support grips for easy handling
- Adjustable telescopic handle (optional)
- Lightweight and easy-to-handle buckets

### Top class economy

From the beginning of the UltraFlex development, one clear goal was to offer users unbeatable cleaning economy.

The ergonomic properties are, of course, an important parameter, where a healthy cleaning staff clearly contributes to your bottom line.

More obvious and with a faster pay-back is the effective down press, which reduces water release to the floor and thereby gets your floors ready for traffic in no time.

In addition, the clean water bucket configuration reduces water consumption and increases the cleaning area.

And above all – when working with UltraFlex you can feel and sense the overall high quality in every component, the basis for a long and trouble-free service life.

For a detailed video demonstration please visit our website: [vileda.com](http://vileda.com)

## UltraFlex Downpress/Sidepress Complete

UltraFlex Basic features a large 34 litre/36 quart bucket and is the ideal configuration when the need is just an effective, regular mopping system with strength and durability at the forefront of the design.

In this configuration, UltraFlex can be put on the Vileda Professional – Marino Origo trolleys as well as most janitorial carts.

- German Engineered / Stylish Design
- Easy glide stainless steel castors
- Colour coding to reduce cross contamination
- Conforms with foodservice standards

Code	Description	Size	Pack	Application
133879	UltraFlex Bucket with Castors and Downpress Wringer	53 x 37 cm / 21 x 14 1/2 in	1	
137560	UltraFlex Bucket with Castors and Sidepress Wringer	53 x 37 cm / 21 x 14 1/2 in	1	

## UltraFlex Bucket with Castors

UltraFlex Bucket with Castors features a large 34 litre/36 quart bucket and is the ideal configuration when the need is just an effective, regular mopping system with strength and durability at the forefront of the design.

- German Engineered / Stylish Design
- Easy glide stainless steel castors
- Colour coding to reduce cross contamination

Code	Description	Size	Pack	Application
133878	UltraFlex Bucket with Castors - 34 L / 36 Qt.	53 x 37 cm / 21 x 14 1/2 in	1	

## UltraFlex Extended Leg Combos

### Ergonomic Single Bucket System

UltraFlex Ergonomic Single Bucket System offers the added benefit of extended leg design which helps prevent excessive back bending.

The large 34 litre/36 quart bucket is the ideal configuration when the need is just an effective, mopping system with strength, durability and ergonomics at the forefront of the design.

The ergonomic leg option is sure to keep your staff healthy with minimal back strain

- German Engineered / Stylish Design
- Easy glide stainless steel castors
- Colour coding to reduce cross contamination
- Conforms with foodservice standards

Code	Description	Size	Pack	Application
136022	UltraFlex Bucket with Extended Legs and Downpress Wringer	53 x 37 cm / 21 x 14 1/2 in	1	
137561	UltraFlex Bucket with Extended Legs and Sidepress Wringer	53 x 37 cm / 21 x 14 1/2 in	1	

## UltraFlex Bucket-In-Bucket System

- Integrated, second clean water compartment to prevent cross contamination.
- Easily identify clean water from dirty water and to prevent cross contamination.
- The clean water bucket locks into place when in use and is easily removable for emptying and filling.
- UltraFlex can be put on the Vileda Professional - Marino Origo trolleys and most janitorial carts.
- Can also be used for waxing applications
- Conforms with foodservice standards

Code	Description	Size	Pack	Application
136021	Bucket-in-Bucket (Clean Water Bucket) - 15 L / 16 Qt.	36 x 36 cm / 14 x 14 in	1	

## UltraFlex Ergonomic Extended Legs

The addition of the UltraFlex extended leg design offers the added benefit which helps prevent excessive back bending.

- Provides a strong ergonomic benefit for users
- Increased manoeuvrability
- Conforms with foodservice standards
- One pack provides a complete set of 4 legs

Code	Description	Size	Pack	Application
136020	Ergonomic Extended Legs (Set of 4)	17 x 11 cm / 6 1/2 x 4.2 in	4	

## Snap-N-Go With Telescopic Handle

Use this handle to further improve ergonomic benefits for your cleaning staff

- Lightweight but strong aluminum telescopic handle.
- Ergonomic centre grip and anti-slip handle grip.
- Different lengths for different users
- Conforms with foodservice standards

Old Product Code	New Code	Description	Size	Pack	Application
MH7000EXT	131605	Snap-N-Go with telescopic handle and colour rings (BRYG)	100 x 180 cm / 40 x 71 in	1	

## Buckets & Wringers

**Our bucket and wringer combos are designed to meet the demanding requirements of the most sanitary environments.**

- Our buckets are manufactured from high quality plastic that is injection molded.
- Unlike conventional foam buckets, our buckets are absolutely smooth, strong, durable, and easy-to-clean and sanitize which reduces breeding ground for bacteria.

### Downpress Combos

- Gears and pressure plates, fiber reinforced nylon.
- Quiet, smooth operation, easy to work with and ideal for high standards of cleaning.
- More efficient wringing; also avoids water splashing on the floor.
- Single bail carry handle eliminates pinching problem.
- Durable ball bearing casters provide smooth, easy movement.
- Accommodates all wet mop sizes 340 g to 900 g / 12 oz to 32 oz and fits all bucket types and sizes.
- Reduces need to stock different wringers resulting in less inventory.
- Convenient opening for mop access, extended casters for stability.
- Extended casters minimize possibility of tipping.
- The durable stain resistant one piece construction is easy to clean and sanitize and does not provide a breeding ground for bacteria.
- Downward pressure wringer forces water into bucket more effectively.

## Junior and Sidepress Combos

### Junior Sidepress Combo

- Economical alternative to our MA1133
- Small design for quick manoeuvrability in smaller areas
- Handle can be inserted for left and right hand operations
- Slide-out water divider.

### Sidepress Combo

- Our sidepress bucket and wringer combos are designed to meet the demanding requirements of the most sanitary environments
- Our buckets feature single bail handle which eliminate the possibility of pinching and 7.6 cm / 3 inch non-marking ball bearing casters that provide smooth easy movement, guaranteed not to fall out.
- The durable stain resistant one piece construction is easy to clean and sanitize and does not provide a breeding ground for bacteria
- Quiet, smooth operation, easy to work with and ideal for general building cleaning, restaurants and hotels.
- Convenient opening for mop access

Old Product Code	NEW Code	Product Description	Size	Pack	Application
MA1011YE	134700	Junior sidepress bucket & wringer combo – yellow only	21 L/ 22 qt	1	
MA1133YE	134702	Sidepress bucket & wringer combo – yellow only	25-30 L/ 26-32 qt	1	

## Utility Buckets And Pails

- Our high impact plastic utility buckets are available in two styles and feature a sturdy handle for easy carrying.
- The large 13 liter / 14 quart capacity bucket with molded wide spout for easy pouring is useful for a variety of washing jobs in any environment.
- Buckets are stackable for easy storage.

Old Product Code	NEW Code	Product Description	Size	Pack	Application
BU1013	134490	Plastic pail – 11L	11 L/ 12 qt	12	
BU14G	134492	Plastic pail – 13L	13 L/ 14 qt	6	

## Buckets

- All of our buckets feature molded graduations to facilitate accurate measurements.
- Our buckets feature a flared base for greater stability to minimize the possibility of tipping.
- Available in a choice of attractive colours — blue, yellow and grey — ideal to prevent cross-contamination in any sanitary environment.
- Buckets are designed to provide a conveniently large opening for mop access with the wringer attached.

## Downpress Wringers

- The Downpress wringer is injection molded with high density polymer and features a strong durable smooth surface that is easy to clean and sanitize.
- Unlike foam plastic wringers, our wringer does not provide a breeding ground for bacteria.
- Gears and pressure plates are fiber reinforced nylon which allows for quiet and smooth operation.
- Eliminate the need to stock various sized wringers. The wringer is designed to effectively wring all wet mops from 340 g to 900 g / 12 oz to 32 oz.
- The downward pressure style is especially designed to “better” wring all mop heads and engineered to force water directly into the bucket.
- Available in a choice of 3 attractive colours to co-ordinate with our buckets.

Old Product Code	NEW Code	Product Description	Size	Pack	Application
MA1232BL	134710	Downpress wringer – blue		1

## All Purpose Caddy

- Made with durable plastic
- Great for carrying a wide variety of cleaning tools

Old Product Code	NEW Code	Product Description	Size	Pack	Application
HB10	135634	All purpose caddy	42 x 29 x 22 cm/ 16.5 x 11.5 x 8.5 in	1	  

# PUSHBROOMS

## Pushbrooms

## The Right Selection

Stiffness, durability, resilience and cost are a few of the characteristics that will determine the fiber better suited for the task at hand. Choosing the proper broom for the job will provide more efficient sweeping at a lower cost.

Generally speaking, natural fibers are better suited for fine sweeping on smooth surfaces such as tile, hardwood and linoleum. Those brooms with a combination of natural and synthetic fibers are more suitable for medium sweeping on semi-rough surfaces. Brooms constructed from stiffer synthetic fibers are better suited for coarse surfaces and concrete. Heavy debris would also require coarse sweeping brooms.

When choosing a broom, one must also consider the area to be swept. With larger areas, We recommend using a 24"/60cm broom or larger, with a broom brace.

Whatever your needs, we offer the ideal broom for the job.

### Push Brooms

- We offer what we believe to be the finest push brooms on the market.
- All of our pushbrooms are constructed with a premium quality hardwood block or a heavy duty plastic block.
- Every pushbroom is staple set with the finest quality fibers.
- Our pushbrooms are more densely filled than our competitors' push brooms.
- Blocks range in length from 14" to 36" and come equipped with two threaded handle holes.

## Understanding Fibers

### Horsehair

Horsehair is a natural fiber that comes from the tail or mane of a horse. The fiber is considered a soft to moderately stiff material that offers good texture and resilience. Horsehair withstands water and moisture and may be used pure or blended with other materials. The soft texture of the fiber makes it ideal for cleaning smooth floors. It is commonly used for scratchless cleaning of highly polished areas.

**Ideal For: Indoor Applications, Fine Dust Cleaning, Smooth Surface.**

### Polystyrene

Polystyrene is a synthetic fiber that is also known as "silver flagged". The fiber withstands moisture and has excellent wearing properties. When the ends are flagged, the styrene allows for more fine dust retention. Ideal for smooth surfaces and hardwood floors.

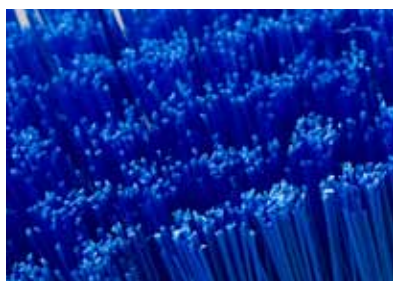

**Ideal For: Usage with many strong solvents.  
Can be used in temperatures of up to 180° F / 82° C**

### Tampico

Tampico is a natural fiber that is creamy white in colour, however, the fibers are dyed black. Tampico has a soft to medium texture with excellent durability. The fiber is water resistant with high heat, acid and alkaline resistant properties. Tampico is frequently mixed or blended with other materials to vary texture and properties. It is a good wearing and highly versatile fiber. Ideal for "all purpose" or medium sweeping.

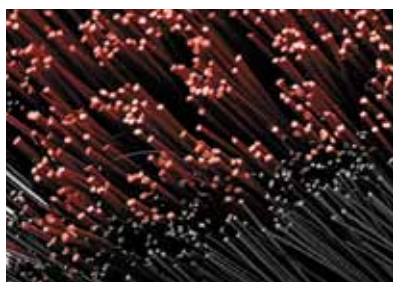

**Ideal For: Wet or Dry Applications. Acid and alkaline resistant.**

### Nylon

Nylon is a synthetic fiber with excellent wearing qualities. Nylon is water resistant and won't absorb moisture, therefore discourages bacterial growth. Its high heat resistance and resistance to most acids enable the fiber to be long wearing and highly sanitary. Nylon is widely used in food service brushes due to its resilience and durability. It offers the highest quality and superior performance one requires in environments with high sanitary standards.

**Ideal For: Foodservice applications to meet the needs of high sanitary standards.**

### Polypropylene

Polypropylene is a synthetic fiber available straight or crimped in a variety of colours. The fiber is very light with excellent resilience to acid and most solvents. Polypropylene has poor recovery from crushing, however, it can be used in hot water and has good wearing properties.

**Ideal For: Usage with many strong solvents/acid and abrasive scrubbing.**

### Bassine

Bassine is a natural fiber that is obtained from the select and stiffer portions of the palmyra palm. It is the superior quality or the select grade of palmyra fiber. Bassine is both durable and water resistant, which makes it an ideal choice for stiff scrubbing applications.

**Ideal For: Outdoor usage where stiff scrubbing is required (wet and dry).**

## Trooper Garage Pushbroom

- Trooper's connector brackets and 1 1/8 inch thick tapered handle provide added strength and sturdiness.
- Extra-long heavy duty blue/black plastic fill.
- Ideal for contractors, landscapers, roofers, city maintenance workers and the farming industry.
- **Shipped pre-assembled**

Old Product Code	NEW Code	Product Description	Size	Pack	Application
BR700-BL18	134483	18" Trooper with poly pro fill, brace, & tapered handle	46 cm/ 18 in	4	  
BR700-BL24	134484	24" Trooper with poly pro fill, brace, & tapered handle	60 cm/ 24 in	4	  

## Trooper All-Purpose Pushbroom - Flagged

- The combination of the outer flexible flagged silver bristles and medium stiff red inner plastic fill make this Trooper ideal for general all purpose cleaning
- Trooper's connector brackets and 1 1/8 inch thick tapered handle provide added strength and sturdiness.
- Ideal for general indoor and outdoor cleaning, around schools, warehouses, parking lots, malls or offices.
- **Shipped pre-assembled**

Old Product Code	NEW Code	Product Description	Size	Pack	Application
BR700-SR18	134488	18" Red SilverflagTrooper with styrene fill, brace & tapered handle	42 cm/ 18 in	4	  
BR700-SR24	134489	24" Red SilverflagTrooper with styrene fill, brace & tapered handle	60 cm/ 24 in	4	  

## Trooper Combo Synthetic Pushbroom

- Trooper's connector brackets and 1 1/8 inch thick tapered handle provide added strength and sturdiness.
- A black Polypropylene border surrounds the stiff red Polypropylene centre which effectively combines medium sweeping of heavier debris.
- Ideal on semi-smooth to rough surfaces for medium to coarse sweeping and the fibers are not affected by water, grease, oil and most chemicals.
- **Shipped pre-assembled**

Old Product Code	NEW Code	Product Description	Size	Pack	Application
BR700-RB18	134485	18" Trooper with combo synthetic fill, brace, & tapered handle	46 cm/ 18 in	4	  
BR700-RB24	134486	24" Trooper with combo synthetic fill, brace, & tapered handle	60 cm/ 24 in	4	  

## Trooper Street/Barn Pushbroom

- Heavy-Duty bristles resist stains and odors and is designed for the most demanding conditions
- Ideal for wet or dry pick up.
- Angled brace adds support and stability
- Shipped pre-assembled

Old Product Code	NEW Code	Product Description	Size	Pack	Application
BR700-SBP16	134487	16" Trooper street broom with thick poly pro fill, brace & tapered handle	41 cm/ 16 in	4	  

## Display Packaging

## Tampico Combo

- We have conveniently packaged the pushbroom head with the handle for a shelf display environment.
- Tampico is a flexible and long wearing fiber that is ideal for both industrial and commercial cleaning indoor and out.
- **Assembly required**

Old Product Code	NEW Code	Product Description	Size	Pack	Application
BR220T14CT	134458	14" Tampico complete broom with handle	137 cm/ 54 in	12	  
BR220T18CT	134460	18" Tampico complete broom with handle	137 cm/ 54 in	12	  
BR220T24CT	134462	24" Tampico complete broom with handle	137 cm/ 54 in	6	  

## Garage Combo

- We have conveniently packaged the pushbroom head with the handle for shelf display environment.
- Durable heavy duty polystyrene makes this broom ideal for sweeping the heaviest soils on rough surfaces in wet or dry applications.
- Ideal for usage with a variety of strong solutions
- Withstands temperatures of up to 180° F / 82° C

Old Product Code	NEW Code	Product Description	Size	Pack	Application
BR224G14CT	134470	14" Garage broom complete with 137 cm/54 in handle	35 cm/ 14 in	12	  
BR224G18CT	134472	18" Garage broom complete with 137 cm/54 in handle	138.5 x 30 x 13.5 cm/ 54.53 x 11.81 x 5.31 in	12	  
BR224G24CT	134474	24" Garage broom complete with 137 cm/54 in handle	140 x 30 x 13.5 cm/ 55.11 x 9.92 x 5.12 in	6	  

## Polystyrene Fill - Fine Sweep

### Wood Block

- Ideal for fine sweeping on smooth surfaces, such as tile, linoleum and hardwood floors.
- Ideal for usage with a variety of strong solvents
- Withstands temperatures of up to 180° F / 82° C

Old Product Code	NEW Code	Product Description	Size	Pack	Application
BR219SF18	134455	18" Styrene fill broom head – wood	45 cm/ 18 in	10	  
BR219SF24	134456	24" Styrene fill broom head – wood	60cm/ 24 in	10	  
BR219SF36	134457	36" Styrene fill broom head – wood	90 cm/ 36 in	2	  

## Horsehair Mix - Fine Sweep

### Wood Block

- Excellent for all types of smooth floor cleaning.
- Ideal for fine dust and dirt on concrete, wood or tiled floors.
- Ideal combination of horsehair and synthetic fiber ensures durability and shape retention in both wet and dry applications.

Old Product Code	NEW Code	Product Description	Size	Pack	Application
BR222M18	134467	18" Horsehair & synthetic mix broom head – wood	45 cm/ 18 in	10	  
BR222M24	134468	24" Horsehair & synthetic mix broom head – wood	60cm/ 24 in	10	  
BR222M36	134469	36" Horsehair & synthetic mix broom head – wood	90 cm/ 36 in	2	  

## Tampico Fill - Medium Sweep

### Wood Block

- Best all purpose fiber for fine to medium sweeping, excellent on smoother surfaces such as tile, wood and sealed concrete.
- Tampico is a flexible and long wearing fiber that is ideal for both industrial and commercial cleaning indoor and out.

Old Product Code	NEW Code	Product Description	Size	Pack	Application
BR220T18	134459	18" Tampico fill broom head – wood	45 cm/ 18 in	10	  
BR220T24	134461	24" Tampico fill broom head – wood	60cm/ 24 in	10	  
BR220T36	134463	36" Tampico fill broom head – wood	90 cm/ 36 in	2	  

## Polypropylene Fill - Medium Sweep

### Wood Block

- An all purpose medium sweep for indoor and outdoor cleaning for both industrial and commercial applications.
- Can be used with strong solvents/acid and abrasive scrubbing

Old Product Code	NEW Code	Product Description	Size	Pack	Application
BR221P18	134464	18" Polypropylene fill broom head – wood	45 cm/ 18 in	10	  
BR221P24	134465	24" Polypropylene fill broom head – wood	60cm/ 24 in	10	  
BR221P36	134466	36" Polypropylene fill broom head – wood	90 cm/ 36 in	2	  

## Combination Synthetic Fill - Medium Sweep

### Wood Block

- A black Polypropylene border surrounds the stiff red Polypropylene centre which effectively combines medium sweeping of heavier debris.
- Ideal on semi-smooth to rough surfaces for medium to coarse sweeping and the fibers are not affected by water, grease, oil and most chemicals.

Old Product Code	NEW Code	Product Description	Size	Pack	Application
BR216RB18	134447	18" Black/red synthetic combo synthetic fill broom head – wood	45 cm/ 18 in	10	  
BR216RB24	134448	24" Black/red synthetic combo synthetic fill broom head – wood	60cm/ 24 in	10	  
BR216RB36	134449	36" Black/red synthetic combo synthetic fill broom head – wood	90 cm/ 36 in	2	  

## Bassine Palmyra Fill - Coarse Sweep

### Wood Block

- Coarse natural bassine fiber is long wearing and sweeps the most stubborn soils effectively on both wet and dry surfaces.
- Ideal for sweeping larger debris on coarse surfaces such as concrete, asphalt and brick found in sidewalks, driveways, basements and garages.

Old Product Code	NEW Code	Product Description	Size	Pack	Application
BR217BF18	134450	18" Bassine fill broom head – wood	45 cm/ 18 in	10	  
BR217BF24	134451	24" Bassine fill broom head – wood	60cm/ 24 in	10	  
BR217BF36	134452	36" Bassine fill broom head – wood	90 cm/ 36 in	2	  

## Horsehair and Bassine Fill - Coarse Sweep

### Wood Block

- An exceptional combination of a horsehair for fine dust and a bassine centre ideal for heavier debris.

Old Product Code	NEW Code	Product Description	Size	Pack	Application
BR218HB18	134453	18" Horsehair/ bassine fill broom head – wood	45 cm/ 18 in	10	  
BR218HB24	134454	24" Horsehair/ bassine fill broom head – wood	60cm/ 24 in	10	  

## Garage/Concrete - Coarse Sweep

### Wood Block

- Durable heavy duty polystyrene makes this broom ideal for sweeping the heaviest soils on rough surfaces in wet or dry applications.
- Can be used with strong solvents/acid and abrasive scrubbing

Old Product Code	NEW Code	Product Description	Size	Pack	Application
BR224G18	134471	18" Polystyrene broom head – wood	45 cm/ 18 in	10	  
BR224G24	134473	24" Polystyrene broom head – wood	60cm/ 24 in	10	  
BR224G36	134475	36" Polystyrene broom head – wood	90 cm/ 36 in	2	  

## Stable/Barn Combo - Coarse Sweep

- Excellent for extra rough surfaces, in heavy debris. Can be used in both wet and dry applications.
- Coarse thicker Polypropylene bristles for added stiffness.
- Hardwood block has 2 tapered handle holes.
- Perfect for any heavy commercial sweeping in parking lots, streets and industrial areas. Designed for constant outdoor sweeping and scrubbing.
- Durable heavy duty Polypropylene makes this broom ideal for sweeping the heaviest soils on rough surfaces in wet or dry applications.
- **Assembly required**

Old Product Code	NEW Code	Product Description	Size	Pack	Application
SB225P14CT	134984	14" Stable broom complete with 122 cm / 48 in tapered handle	35 cm/ 14 in	6	  
SB225P14	134983	14" Polypropylene fill street/ barn broom head – wood	35 cm/ 14 in	10	  
SB225P16	134985	16" Polypropylene fill street/ barn broom head – wood	40 cm/ 16 in	10	  

## Broom braces

- All metal braces are constructed to provide excellent reinforcement. They can be connected quickly and easily.
- The short clamp securely fits around any size push broom block for extra handle support. Can be easily tightened using wing nuts.
- Extra handle support reduces handle breakage common with heavy usage.
- Long rod broom brace is ideal for any size push broom from 46 to 61 cm / 24 to 36 inch.
- Brace securely grips threaded handle to provide user with better control and extra support for wide sweeps.
- This extends the life of the handle by reducing breakage at the threads.
- Use one of our sturdy braces and have no fear of broken handles due to overload.

Old Product Code	NEW Code	Product Description	Size	Pack	Application
MI351-BLK	134768	Broom brace – black	32 x 28 x 36 cm/ 12.6 x 11.02 x 14.17 in	12	  
07000	134421	Workhorse bracket only	15 x 14 x 4 cm/ 5.9 x 5.51 x 1.57 in	12	  

## Foodservice Pushbrooms

Our unique pushbrooms are as functional as they are stylish. The highest quality nylon fibers are inset in a plastic block that resists bacteria.

- Ideal where high sanitary standards are required i.e. foodservice industry, hospitals, etc.
- Colour coded to identify specific cleaning areas

Old Product Code	NEW Code	Product Description	Size	Pack	Application
BR4318B	135469	18" Foodservice push broom – blue	46 cm/ 18 in	1

BR4324R	135463	24" Foodservice push broom – red	60 cm/ 24 in	1	  

# BROOMS

## Corn Brooms

- We offers a large variety of corn brooms for any application.
- Our corn brooms are wire bound and nailed to hardwood handles and made using only premium quality corn. They are designed for long life and durability.
- These brooms are excellent for either hard or carpeted floors for routine or heavy-duty cleaning, both indoor and out.

## Industrial

- All industrial corn brooms are both bound with polyester stitching and a heavy duty galvanized wire band to provide added durability and longer life.
- These brooms are best suited for wet or tough sweeping, both indoor and out.
- Applications best suited includes snow removal, warehouses, garages, and any other rugged sweeping.

Item	Old Product Code	NEW Code	Product Description	Size	Pack	Application
1	CB107C	134511	Warehouse corn broom – 3 string 1 wire	142 x 46 x 24 cm/ 56 x 18 x 9 in	12	  
2	CB108	134512	Warehouse corn broom – 2 string 2 wire	142 x 42 x 34 cm/ 56 x 17 x 13 in	12	  
3	CB110	134513	Yard broom – 3 wire 1 string	148 x 52 x 28 cm/ 58 x 21 x 11 in	12	  
4	CB500	134516	Corn/Cane warehouse broom – 1 wire 4 string	144 x 47 x 27 cm/ 57 x 47 x 27 in	12	  

## Household Brooms

- All our household corn brooms are bound with polyester stitching to securely hold the premium quality corn.
- These durable brooms are designed for all purpose sweeping both indoor and out.
- Durable construction will withstand the toughest applications

Old Product Code	NEW Code	Product Description	Size	Pack	Application
CB104	134509	Sidewalk corn broom – 5 string		12	  
CB107	134510	All purpose corn broom – 6 string	143 x 48 x 34 cm/ 56 x 19 x 13 in	12	  

## Lobby Brooms and Whisk

- Corn whisks are a convenient way for a quick clean-up of crumbs, ashes or any dry material.
- They are available in two sizes, small and large, to better suit your needs.
- Both sizes feature a built-in handle and hooks for easy storage.
- All corn whisks come reinforced with three rows of polyester stitching.

Old Product Code	NEW Code	Product Description	Size	Pack	Application
CB102	134507	Large corn broom with metal cap – 3 string	142 x 46 x 24 cm/ 55.91 x 18.11 x 9.45 in	12	  
CB103	134508	Toy/lobby broom		12	  

## Magnetic Brooms

### Flat Block Magnetic Brooms

- These brooms are not affected by water and can be rinsed clean and dry quickly.
- Ideal for smaller areas and quick clean up for household, commercial and light industrial applications.
- **Recommended handle – FH348M /135386**

FH360EXT	135148	Vileda threaded telescopic handle and colour rings (BRYG)	100 – 180 cm/ 40 – 71 in	1	

## Tapered Adaptor

- Quickly converts a variety of threaded handles into a tapered end

Old Product Code	NEW Code	Product Description	Size	Pack	Application
MI35	519883	Tapered adaptor – black		10	

## Lobby Dust Pans – Plastic and Metal

**Our MI800 series of Lobby Dust Pans feature a large tray and a long aluminum handle.**

The larger tray is able to hold more and features a better refined edge which is ideal for brushing in finer particles. Our lobby dust pan has been specially designed with a better angled slope which prevents dirt particles and liquid spillage from escaping once swept in. The longer lightweight aluminum handle allows for a more ergonomic usage and eliminates bending. We offer a choice of lobby brooms, from an angled to a poly toy broom. The choice is yours.

- Ideal for spot cleaning in any commercial, industrial and janitorial application, indoor or out.
- No bending necessary.
- The metal lobby dust pan is available in a rich black finish with a 30 cm / 12 inch self closing lid to prevent debris from spilling.

Item	Old Product Code	NEW Code	Product Description	Size	Pack	Application
1	MI800	134781	Plastic lobby dust pan	89 x 31 x 29 cm/ 35.04 x 12.20 x 11.42 in	6

# BRUSHES

## Whitewash/Masonry

- Professional wallpaper brush, 9 inch wide with wood block and handle give a high quality professional finish with all wallpaper hanging
- Also used for masonry for applying cement, water paints and liquid waterproofing materials on concrete block and masonry walls

Old Product Code	NEW Code	Product Description	Size	Pack	Application
AB207L	134428	Large whitewash brush with wood block & Tampico fill	57 x 35 x 18 cm/ 22.44 x 13.78 x 7.09 in	30	  

## Counter Brushes - Wood Block

- Our choice of counter brushes are available with a variety of fills
- Horsehair fiber is the softest fill and is considered the best for fine dusting and cleaning of surfaces.
- Tampico fiber is a natural long wearing fiber that is considered ideal as an all purpose brush for any surface. Commonly used to dust, clean equipment and pick up metal chips and dirt.
- Polypropylene fiber is a medium stiff fiber that is great for all purpose dusting and is ideal for picking up larger debris.
- Features a hanger hole for easy storage

Item	Old Product Code	NEW Code	Product Description	Size	Pack	Application
1	AB206T	134427	Counter Brush with wood block & Tampico fill	20 cm / 7.9 in	12	  
2	AB206P	134426	Wood block with trim – Polypropylene fill	19 cm / 7.5 in	12	  
3	AB206M	134425	Wood block with trim – Horsehair mix fill	18 cm / 7 in	12	  

## Carpet Brushes

- Available in an 20 cm / 8 inch hardwood block.
- Carpet brushes can either be hand held or can be used with a standard threaded handle.
- Polypropylene is a stiff fiber for both all purpose scrubbing and heavy duty scrubbing.

Old Product Code	NEW Code	Product Description	Size	Pack	Application
AB228P	134434	Carpet Brush with wood block & poly pro fill		20	  

## Vehicle Brushes

Green high density premium fiber for washing large glass panes, finished metals and tile.

- All blocks come with standard threaded flow through design for attaching a flow through handle.
- Vehicle brushes are flagged to allow for scratchless cleaning of even the most expensive painted surfaces.
- **All vehicle brushes require a threaded handle.**

Old Product Code	NEW Code	Product Description	Size	Pack	Application
AB300F	134438	Vehicle brush with green flagged fill	25 cm/ 10 in	10	  

## Vehicle Brushes with Bumpers

- Heavy-duty block is 9" long, 2-1/2" wide and approximately 1-1/2" thick
- Densely-filled with green Nylex, trim 2-3/8".
- Vinyl bumper protects vehicle finishes.
- Available in a choice of green high density filament or acid resistant fiber that is resistant to common cleaners, detergents or acids.
- Versatile product is ideal for cleaning vehicles, windows, siding and walls.
- **Designed for use with flow-through, threaded or tapered handle.**
- **Handle sold separately**

Old Product Code	NEW Code	Product Description	Size	Pack	Application
AB302B	134439	Vehicle brush with bumper & green flagged fill	23 cm/ 9 in	10	  

## Acid Resistant Brushes

- 2-1/2" wide x 10" long flow-through plastic block with threaded and tapered handle holes. Vinyl bumper protects vehicle finishes. Black and white self-flagged polystyrene bristles. Trim 2-1/2"
- Our window brushes are staple set into foamed polyethylene blocks with standard threaded hole that feature flow through design for attaching a flow through handle.
- **All window brushes require a threaded or flowthrough handle**
- **Handles not included**

Old Product Code	NEW Code	Product Description	Size	Pack	Application
AB300AR	134437	Acid resistant brush – grey & white	25 cm/ 10 in	10	  

## Window Brushes

- Brushes are staple set into polyethylene blocks with a standard threaded hole that features a flow through design for attaching a flow through handle.
- Brushes are densely filled to ensure maximum water retention and are great for cleaning glass, siding, screens, outdoor fixtures and other outdoor items.
- **All window brushes require a threaded or flowthrough handle**
- **Handles not included**

## Floor Squeegees

### Straight Metal Frame Squeegees

- Heavy metal frames are zinc plated, therefore corrosion resistant and features a **built in scraper** designed for removal of stubborn stains.
- Durable grey/white non-marking blades are secured in place with sturdy rust resistant screws.
- These heavy duty floor squeegees are designed for universal use. Ideal for all industries, professional and commercial.
- All floor squeegees use tapered handles, FH354TUPC / 134624 or FH360TUPC / 134641, depending on choice of lengths
- Replacement blades sold separately.

Old Product Code	NEW Code	Product Description	Size	Pack	Application
FS55618	134651	Grey/white squeegee with steel frame – handle not included	45.7 cm/ 18 in	2	  
FS55624	134652	Grey/white squeegee with steel frame – handle not included	61 cm/ 24 in	2	  
FS55630	134653	Grey/white squeegee with steel frame – handle not included	76.2 cm/ 30 in	2	  
FS55636	134654	Grey/white squeegee with steel frame – handle not included	91.4 cm/ 36 in	2	  

## Curved Metal Frame Squeegees

- These heavy duty floor squeegees are designed for universal use. Ideal for all industries, professional and commercial.
- All floor squeegees use tapered handles, FH354TUPC / 134624 or FH360TUPC / 134641, depending on choice of lengths
- Replacement blades sold separately.

FS30HB	134650	MUS Black heavy duty squeegee – handle not included	76.2 cm/ 30 in	10	

## Plastic MUS Squeegee - Heavy Duty

- Our heavy duty Plastic MUS Squeegee is ideal for removing water and solid or damp dirt from any type of flooring
- Features a heavy-duty plastic frame, flexible blade made of durable soft black closed-cell foam rubber and a universal handle socket for quick assembly.
- All floor squeegees use tapered handles, FH354TUPC / 134624 or FH360TUPC / 134641, depending on choice of lengths

Old Product Code	NEW Code	Product Description	Size	Pack	Application
PUW20045	135534	Heavy duty plastic MUS squeegee	46 cm / 18 in	1	
PUW20055	135533	Heavy duty plastic MUS squeegee	56 cm / 22 in	1	
PUW20075	135532	Heavy duty plastic MUS squeegee	76 cm / 30 in	1	

## Plastic MUS Squeegee with Scrub

- The “MUS” squeegees with a built-in scrub are ideal for patios, decks, garages, basements, driveways and restaurants.
- Durable foam blade construction adapts well on all types of surfaces, even tile and brick.
- Removes water build up quickly
- **All floor squeegees use tapered handles, FH354TUPC / 134624 or FH360TUPC / 134641, depending on choice of lengths**

Old Product Code	NEW Code	Product Description	Size	Pack	Application
60400	134407	Double MUS floor squeegee and scrub in one – handle not included	46 cm/ 18 in	10	  
60401	134408	Double MUS floor squeegee and scrub in one – handle not included	56 cm/ 22 in	10	  

## Plastic Pro

- The only choice for food service applications.
- White “push/pull” blade can be easily reversed for longer life and replaced without the use of tools, simply snap into place.
- The all plastic construction consists of a fiberglass handle, permanently attached to the rugged connector which accommodates all sizes — 46, 61 and 76 cm / 18, 24 and 30 inch.
- The blade is able to withstand extremely hot liquids, grease, petroleum products and most harsh chemicals.
- These squeegees can be easily cleaned therefore ensuring high sanitary standards.

Old Product Code	NEW Code	Product Description	Size	Pack	Application
FS9440	134662	PVC connector, fiberglass handle	137.2 cm/ 54 in	10	  
FS9424R	134661	Plastic Pro blade refill only	61 cm/ 24 in	10	  

## Fiberglass Non-Threaded Handle

- A durable hygienic fiberglass handle withstands moisture and bacteria.
- Ideal where high sanitary standards are required i.e. foodservice industry, hospitals, etc.

Old Product Code	NEW Code	Product Description	Size	Pack	Application
FH360NTFB	134640	Fiberglass, non-threaded handle – grey	152.4 x 2.4 cm/ 60 x 15/16 in	10	  

# Create your own trolley!

As easy as 1, 2, 3

The **Origo** Line. Right now. Right tomorrow.

**1** Step one  
Select your base model

**2** Step two  
Design and customize

**3** Step three  
Save and send

## One great idea.

The main idea behind the Origo Line is to create a trolley that covers every possible cleaning requirement. For now and forever. The outcome is a complete range of trolleys with full flexibility and future-proof adaptability.

## The possibilities are endless.

When you've decided which Origo trolley suits your requirements best, the fun really begins! There are more than 100,000 ways of configuring your Origo trolley to meet your specific requirements.

On the [www.creator.vileda.com](http://www.creator.vileda.com) website you will find the Origo Creator – a configuring tool that is both easy and fun to use. Mix and match, drag and drop, extend and equip – the Origo Creator is where your ideas and visions become reality. And when you've decided on your individual configuration and had the trolley of your dreams delivered to your door, it's just as easy to retrofit it when your requirements change.

**Build your own today!**

# VoleoFlex.

The compact, versatile and more-with-less trolley

**More than a stand-alone mopping system.  
Less than a full-size trolley. Definitely versatile.**

The VoleoFlex trolley has been developed to bridge the gap between just a mopping system and our Origo full size trolley. It has ample storage space, bin bag holder and allows for usage of both single and double bucket system, including press, or even our Sweb system. But still in a very compact and versatile packaging!

With a dimension of only 112 x 85 x 55 cm / 44 x 33.5 x 21.5 in, VoleoFlex is the ideal solution when space is tight or when the cleaning area is limited. But still, there is enough room for everything you need to perform a professional cleaning mission – both on floor and above floor. Plus a 50 litre zip-locked waste bag with lid for the cleaning plan holder.

## The VoleoFlex range

One big advantage with the VoleoFlex trolley, is that it grows with your needs. As the components and add-ons are fully compatible, the flexibility is high and you can specify the trolley to your exact needs. Without being stuck in a corner when you need to change or upgrade the trolley's setup.

## VoleoFlex Trolleys

### VoleoFlex Basic trolley

Strong, stable solid metal structure

**Includes**

- Two (2) 185mm / 7.25in fixed casters
- Two (2) 100mm / 4in swivel castors

# Want to save money, time and stress on wiping? Want to eliminate up to 99.9% bacteria?

The demands on cleaning and wiping performance are rising higher and higher. Keeping the costs down, not only requires wiping larger areas in shorter time, but effectively reducing bacteria growth and the prevention of cross-contamination all in a one step process.

How to do it? Switch to our **“true 100% microfiber”** cloths from Vileda Professional – Marino and leave cotton and similar rags behind. Microfiber is the modern, cost-effective and high-performance way of wiping.

## It performs better

Nothing short of chemicals cleans more effective than Microfiber!

The secret lies in the Microfiber composition, where the ultra-thin (1/100th of a hair!) and endless Microfibers use capillary force to dissolve dirt and absorb liquids in millions of micro-spaces.

This means you wipe away even fatty dirt without the need for chemicals. Also it means that you can eliminate up to 99.9% of bacteria on hygiene sensitive touch areas.

## It's faster

Our ultra fine 100% Microfiber cloths leave behind micro droplets that dry in seconds, which means your surface stays clean longer, and one swift and single wipe will do the job. Without linting, without a second drying.

One-step and streak-free wiping means larger areas can be cleaned in the same amount of time.

Our non-woven Microfiber cloths **dry even faster than traditional woven and knitted Microfiber cloths** which prevent bacterias from growing in the cloth.

## It's more cost effective

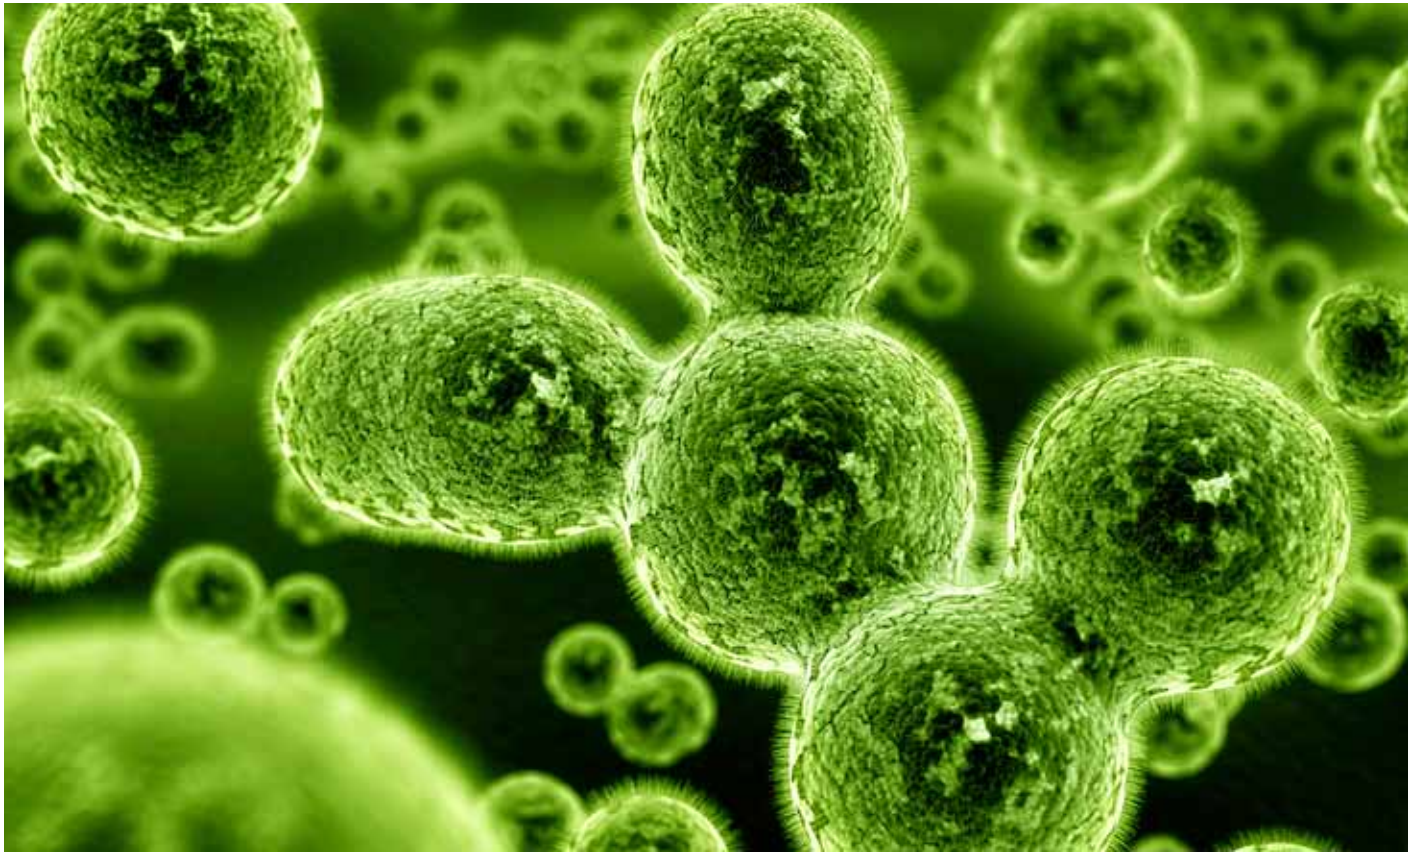

Time is money and as you clean faster you cover a larger area in the same amount of time, which means you can easily cut the costs per area cleaned by 50%.

The high product quality means that our durable true 100% Microfiber cloths can be washed more than 500 times\* without losing neither shape nor performance. The result? Lower life cycle costs and improved overall economy.

## It's ergonomic

Vileda Professional – Marino's Microfiber cloths have superior gliding properties that reduce muscular stress, resulting in healthier staff, lower sick leave and thereby lower overall costs.

## NanoTech micro - kills bacteria

NanoTech micro is the solution for all operations and environments where maximum touch area hygiene and bacteria reduction is paramount. Highly recommended for all healthcare cleaning.

Not only does it wipe away bacteria, it even kills them in direct contact as nano particles of silver have been embedded in the Microfiber structure. Plus, it has all the appreciated Microfiber properties – high durability, one-step wiping, easy gliding and superior cleaning results.

### Features

- Nanoparticles embedded in the true 100% Microfiber
- Streak free performance
- Pre-prepared and spray bottle method
- Colour coding options (BRYG)
- Tested up to 500 washing cycles
- Minimize chemical use

### Benefits

- Antibacterial  
Eliminates up to 99.9% of bacteria
- One step cleaning – no drying cycle
- Variety of cleaning methods
- Reduced cross-contamination
- Long life span
- Reduced cost / eliminate odor

Old Product Code	NEW Code	Product Description	Size	Pack	Application

## Breazy - The New Wave in Wiping

A semi-disposable cloth with microfiber cleaning performance, Breazy can be used on all surfaces including desktops, cupboards, chairs, counters, bars and all washroom surfaces. Breazy is a cloth for all situations and environments. If hygiene and disposability are your key criteria, its price allows you to use it for a day or so, then throw it away, but Breazy is also machine washable up to 15 times. That's why it's called a semi-disposable.

Outstanding dirt pick-up with unique wave-structure and Microfiber properties

Old Product Code	NEW Code	Product Description	Size	Pack	Application

120122	120131	Breazy cloth – green	35.5 x 35cm / 14 x13.75 in	25	

## MicroWindow Big

MicroWindow big is an extra large cloth with high absorbency because of its size and construction. It performs without leaving streaks and without linting through the patented endless microfibre technology. MicroWindow big is soft and supple for easy handling, but durable when it comes to washing.

### Benefits

- **Productivity through long product lifetime**  
Window cloth is strong and durable both in use and in washing. This pays off through low costs-in-use.
- **Professional appearance of the cleaning site**  
A streakfree cleaning result on all delicate glass surfaces is the best business card you can give.
- **Productivity through large size**  
It is nothing but a fact that a big cloth can absorb more and has a higher m<sup>2</sup> performance.
- 36 x 60 cm / 15 x 14 inches
- **Washable for up to 500 times**

Old Product Code	NEW Code	Product Description	Size	Pack	Application
127373	127375	MicroWindow Big	36x60 cm/ 15x24 in	5	  

## MicroRoll and Dispenser

Lightweight true **100% Microfiber** wipe offering outstanding lint free cleaning performance with a greater than 99.93% removal of bacteria.

With MicroRoll there is no requirement for investment in laundering facilities and staff do not need to change their current cleaning practices. The result is improved cleaning results with no additional workload.

Independent tests carried out by Microsearch Laboratories in the UK have found the following levels of bacteria reduction after just one wipe:

- Machine washable up to 10 times
- **Ideal for outbreaks and isolation wards**

### Clostridium Difficile:

Vegetative form – 99.93%\* • Spore form – 99.94%\*

- MRSA – 99.96%\*

\*BMA Institute – Biologisches Mess-und Analyselabor.

Old Product Code	NEW Code	Product Description	Size	Pack	Application

129459	129459	MicroRoll dispenser	35 x35 cm/13.4 x13.4 in	4	  

## Cellulose Sponge

- Our cellulose sponges are very porous and can hold up to 20 times their weight in water
- Ideal for kitchen and bathroom counters, sinks, faucets, or any application where water can be easily absorbed and released

Old Product Code	NEW Code	Product Description	Size	Pack	Application
MIE745	134793	Cellulose sponge only	15 x 11 x 4.4 cm 6 x 4.5 x 1.75 in	50	  

## MiracleClean

**Tired of pen-marked table tops, scuff-marked floors, limy washbasins, dirty whiteboards, greasy sinks and ground-in dirt in general?**

Try the new, effective MiracleClean. With a minimum of effort, it will instantly take away marks that used to be a problem. No need for aggressive chemicals, no need to struggle and sweat over annoying marks anymore, just dampen MiracleClean in water and rub the mark away.

The ideal problem-solver for spotcleaning. Removes tough marks, stains and ground-in dirt with a minimum of effort where other methods normally fail.

- Works with water only, no chemicals needed
- Works on most surfaces

Old Product Code	NEW Code	Product Description	Size	Pack	Application
CL42100	102751	MiracleClean white sponge	10 x 6.09 x 2.8 cm/ 4 x 2.4 x 1.01 in	12	  

## Non-Abrasive Scourer

Easy Grip non-abrasive super scourer

- All the advantages of the easy grip shape but with a white non-abrasive scouring surface
- Suitable for use on delicate surfaces

Old Product Code	NEW Code	Product Description	Size	Pack	Application
CL1603	102562	Non-abrasive sponge with white scrubber	35 X 33 X 31 cm/ 13.78 x 12.99 x 20.08	10	  

## Synthetic Sponge with Scouring Pad

- Synthetic material is more economical than cellulose but still has good water absorption properties.
- Ideal for kitchen and bathroom counters, sinks, faucets, or any application where water can be absorbed and released.
- Scouring pad adds increased cleaning performance for stubborn stains
- Sponge is securely bonded to scouring pad.

Old Product Code	NEW Code	Product Description	Size	Pack	Application
MISSS	134797	Synthetic sponge with scouring pad	10 x 15 cm/ 4x 6 in	50	  

## Cellulose Sponge with Scouring Pad

- Cellulose sponge material is very porous and can hold up to 20 times their weight in water.
- Ideal for kitchen and bathroom counters, sinks, faucets, or any application where water can be easily absorbed and released.
- Scouring pad adds increasing cleaning performance for stubborn stains.
- Sponge is securely bonded to scouring pad.

Old Product Code	NEW Code	Product Description	Size	Pack	Application
MIE747	134794	Cellulose sponge with scouring pad	9 x 15 cm/ 3.5x 6 in	50	  

## Green Scouring Pads

- For situations where heavy duty cleaning on stubborn dirt is required.
- Ideal for greasy and caked-on pots and pans and all-round cleaning.

Old Product Code	NEW Code	Product Description	Size	Pack	Application
MIHSP1	134795	Green scouring pads	15 x 24 cm/ 6 x 9.5 in	100	  

## Utility Pads

Heavy and light coarse scrubbing pads designed for an assortment of cleaning requirements.

- Can be used with the Doodle Bug Frame and handle to scrub hard to reach areas

Old Product Code	NEW Code	Product Description	Size	Pack	Application
MIUTPBLA	134800	Black utility pads – coarse	25 x 11.7 cm/ 10 x 4.625 in	20	  
MIUTPVH	134801	White utility pads – light	25 x 11.7 cm/ 10 x 4.625 in	20	  

## Microfiber Duo-duster Frame and Handmop

- Highest quality most effective dusting tool in the market
- The slim, flexible frame reaches into narrow spaces behind furniture, radiators and around pipes
- Incorporates an elbow joint for angled cleaning
- Fits the telescopic handle for high-level cleaning
- Sleeves can be changed by room or area to reduce risk of cross-contamination
- Dual-sided (microfiber/strands).
- Large dirt particles/hair are trapped in the strands while the microfiber side gives the best cleaning performance on smooth surfaces
- For quick cleaning of awkward shapes such as stair rails, bed frames etc
- **Microfiber sleeve washable up to 1000 times**

Old Product Code	NEW Code	Product Description	Size	Pack	Application
SW8259	114476	20" Duo-duster frame	50.8 cm/ 20 in	1	  
SW8260	508378	20" Duo-duster refill	50.8 cm/ 20 in	1	  

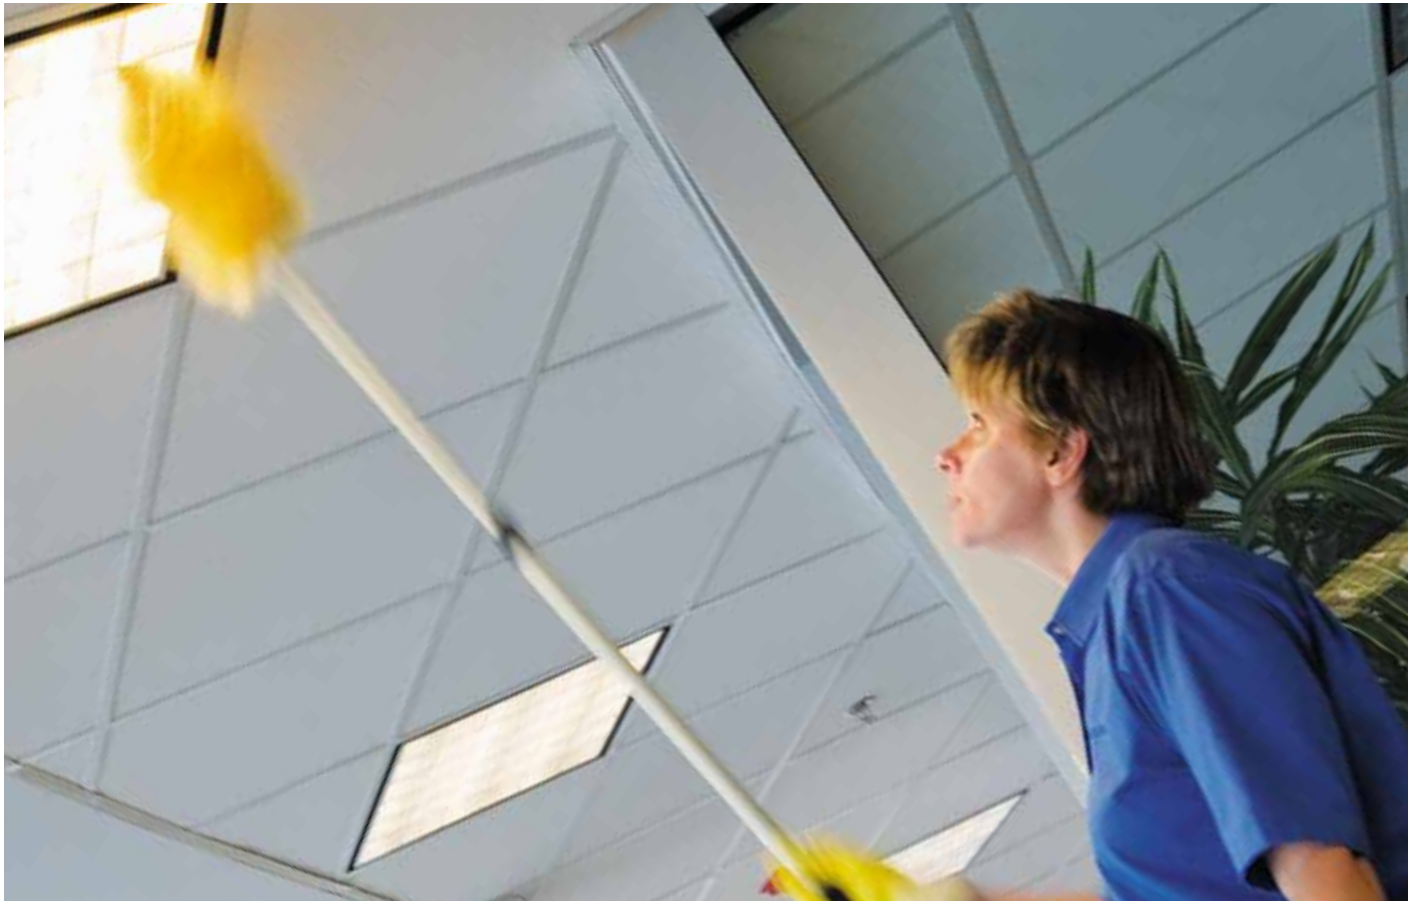

## Microfiber Duster

- The micro-duster tool enables you to clean the hard to reach areas either by a hand held handle or it can be put on an extension handle.
- The duster tool can be bent to allow for better cleaning of fans or on top of cabinets etc.
- The refill sleeves are made with ultra fine 100% microfibers. Will remove and hold more dirt and bacteria than old traditional dusters.
- Micro-duster refills are designed to withstand repeated washing and sewn for superior strength.
- **Microfiber sleeve washable up to 500 times**

Old Product Code	NEW Code	Product Description	Size	Pack	Application
MF8500	135592	Microfiber duster holder		1	  
MF8501	135591	Microfiber duster sleeve refill		1	  

### Lambswool Dusters

- Lambswool dusters are ideal for all purpose dusting and are made from 100% lambswool.
- Lambswool is a natural fiber that requires no additional cleaning sprays. Its natural properties protects furniture from scratching and streaking.
- Dusters may be laundered with any mild soap.
- Available with telescopic handle for hard to reach places.

• Economical solution to your dusting needs

Old Product Code	NEW Code	Product Description	Size	Pack	Application
MI524	134772	24" Lambswool duster	61 cm/ 24 in	10	  
MI525	134773	42" Telescopic lambswool duster	107 cm/ 42 in	10	  
MI527	134774	61" Flexible lambswool duster with extra long telescopic handle	155 cm/ 61 in	10	  

## Rainbow Magnetic Dusters

Rainbow magnetic dusters attract dust with electrostatic action

- Ideal for all purpose dusting – vertical, venetian or mini blinds.
- Telescopic Duster is ideal for hard-to-reach places.
- Easy to clean with mild detergent.

Old Product Code	NEW Code	Product Description	Size	Pack	Application

PUT00600	134947	Stainless steel squeegee handle	50 x 32 x 31 cm/ 19.69 x 12.6 x 12.20 in	10	  

## Stainless Steel Channel with Rubber

- The professional choice
- Stainless steel construction
- Rubber blade is secured in the channel by a clip at either end
- Tension of rubber blade can be adjusted
- Channel is locked onto the handle by two screws

Old Product Code	NEW Code	Product Description	Size	Pack	Application
PUT01300	139792	12" Channel with rubber – stainless steel	30 cm/ 12 in	10	  
PUT01350	139793	14" Channel with rubber – stainless steel	35 cm/ 14 in	10	  
PUT01450	139794	18" Channel with rubber – stainless steel	45 cm/ 18 in	10	  

## Replacement Rubber Soft

- Real vulcanized natural rubber which is compressed and molded
- Optical and computerized control of blade edge for a sharp cutting resulting in a streak-free finish

Old Product Code	NEW Code	Product Description	Size	Pack	Application
PUT71230	139795	12" Replacement rubber	30 cm/ 12 in	10	  
PUT71435	139796	14" Replacement rubber	35 cm/ 14 in	10	  
PUT71845	139797	18" Replacement rubber	45 cm/ 18 in	10	  

## Clip for Squeegee

- Brass clip secures replacement rubber on brass channel

Old Product Code	NEW Code	Product Description	Size	Pack	Application
PUT70000	520033	Clip for brass window squeegee		1	  

## Plastic Squeegee Complete

- An economical alternative to our professional brass or stainless steel series.
- Extruded aluminum channel
- Lightweight
- Can be mounted on telescopic pole for high-up jobs
- Assembled and dis-assembled easily

Old Product Code	NEW Code	Product Description	Size	Pack	Application
PUS12030	134944	12" Plastic window squeegee complete	30 cm/ 12 in	10	  
PUS14035	134945	14" Plastic window squeegee complete	35 cm/ 14 in	10	  
PUS18045	134946	18" Plastic window squeegee complete	45 cm/ 18 in	10	  

## All Plastic T-Handle

- Plastic T-Handle is made entirely of plastic in a honeycomb design for maximum water retention.

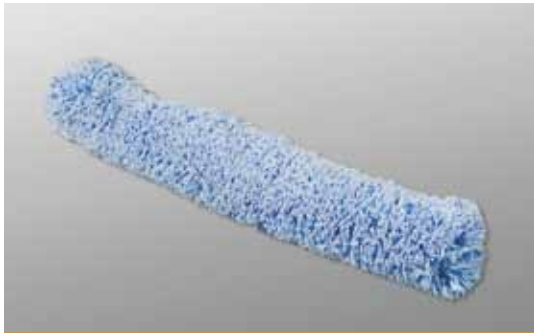

Old Product Code	NEW Code	Product Description	Size	Pack	Application
PUV61025	135119	10" Plastic T- handle	25 cm/ 10 in	1	  
PUV61435	135121	14" Plastic T- handle	35 cm/ 14 in	1	  
PUV61845	135081	18" Plastic T- handle	45 cm/ 18 in	1	  

## Swivel Washer Handle

- Swivel washer handle is lightweight
- Aluminum bar

Old Product Code	NEW Code	Product Description	Size	Pack	Application
PUV71435	135118	14" Swivel window washer handle	35 cm/ 14 in	1	  
PUV71845	135117	18" Swivel window washer handle	45 cm/ 18 in	1	  

## Microfiber Replacement Sleeve

- Microfiber replacement sleeve can absorb 6 times its weight
- Able to withstand many washings

Old Product Code	NEW Code	Product Description	Size	Pack	Application
PUV94335	139798	14" Microfiber Replacement sleeve	35 cm/ 14 in	10	  
PUV94345	139799	18" Microfiber Replacement sleeve	45 cm/ 18 in	10	  

## Replacement Sleeve

- Fiber does not shed hairs
- Nap is specially shaped and hemmed to form a woven fiber sleeve with high water retention.
- Ends are reinforced to protect them against wear and tear

Old Product Code	NEW Code	Product Description	Size	Pack	Application
PUV81025	139800	10" Replacement sleeve	25 cm/ 10 in	10	  
PUV81435	139801	14" Replacement sleeve	35 cm/ 14 in	10	  
PUV81845	139802	18" Replacement sleeve	45 cm/ 18 in	10	  

## Replacement Sleeve with Abrasive Strip

- Fiber does not shed hairs
- Nap is specially shaped and hemmed to form a woven fiber sleeve with high water retention.
- Ends are reinforced to protect them against wear and tear
- Abrasive strip increases cleaning performance by scrubbing stubborn dirt.

Old Product Code	NEW Code	Product Description	Size	Pack	Application

# The Gladiator waste container is solid, heavy duty and extremely durable.

- Added strength around interior stacking shoulder which increases resistance and durability

- Built in ribbed vents allow for smooth removal of garbage bags thereby reducing the risk of back injuries

- Gladiator containers are reinforced for added strength and durability

- High impact plastic is crush resistant, rugged and long lasting

**Optional Dolly Locks into Base and provides additional support for heavier loads**

AVAILABLE IN

- Lock down lids snap securely in place allowing contents to remain within, in case container is overturned

- Gladiator rims are reinforced for added strength and durability

- Gladiator handles have increased wall thickness and are designed for easier lifting

- Colour is molded into the plastic. Will not chip, crack or peel

- Built-in wheel assembly base (**5 wheels optional**)

- Base is reinforced to provide greater stability and weight distribution when dragging over any surface

# Gladiator Containers

Gladiator waste containers are ideal for collecting trash, cleaning the garage, working in the yard and garden, or storing items. The snap-on lid provides a secure locking feature to lock in odors and lock out rodents. The molded-in handles provide maximum strength and durability. In addition, the optional castors take the strain of lifting heavy loads.

## Urinal Screens With Block

Protect your pipe work, fixture or fitting from costly maintenance and time consuming cleaning with this easily disposable urinal screen with block. Simply place plastic screen with open end against centre of urinal. That's it! Upon flushing the urinal, the water dissolves a portion of the waxy composition contained in the block, releasing its bacteriostatic ingredients and refreshing scent.

- Long lasting . . . a minimum of 30 days.
- Complete screen and chemical block bonded together.
- Automatically cleans, descales, deodorizes with every flush.
- Specially formulated to prevent waste build-up.

Old Product Code	NEW Code	Product Description	Size	Pack	Application
CU30	134523	Uni tab urinal screen with lavender scented puck	60 X 40 x 43 cm/ 23.62 x 15.75 x 24.8 in	12	
CU40	134524	Urinal screen with non-para apple scented block	70 x 40 x 43 cm / 27.56 x 15.75 x 16.93 in	12	
MIUS-1	134798	Urinal screen – cherry scent	44 X 25 x 25 cm/ 17.3 x 10 x 10 in	50	
MIUS-2	134799	Urinal screen – bubble gum scent	44 X 25 x 25 cm/ 17.3 x 10 x 10 in	50	

## Urinal Pucks And Blocks

- Eliminates all odors on contact
- Very effective and economical
- Block is air-soluble so flushes will not effect life of block
- 4 ounces, lasts 30-60 days
- Individually wrapped

06411	134383	Dichlorobenzene urinal puck – cherry	85 g/ 3 oz	12	
06412	134384	Dichlorobenzene urinal puck – cherry	113 g/ 4 oz	12	

## Clearline Soap Dispenser

A new transparent designer soap dispenser that's perfect for any kitchen or bathroom!

The Clearline soap dispenser features a unique decorative design that does not leak and is highly durable.

The smooth push button design dispenses the right amount of soap with every stroke and is convenient while bathing or washing hands

- Key-lock prevent tampering
- Quick and easy to install on any tile or plastic wall surface
- Refillable container. Fill with your choice of bulk soap.
- No clogging or leaking.
- Stands up to heavy use.
- **Installation required**
- **Hardware included**

Old Product Code	NEW Code	Product Description	Size	Pack	Application
SD-500	134989	Clearline soap dispenser	900 ml	12	  

## Nu-Line Bulk Soap Dispenser

Soap dispenser systems are fast becoming the preferred method of hand washing. These dispensers can be filled with a variety of liquids such as hand soap, body cleansers, shampoos, and more. They are attractively designed and are made of virtually unbreakable ABS plastic. Unlike the pull style dispensers, the push style has no pull tab lever which breaks and the push design prevents dispenser from being pulled off the wall.

- Double case design to accept most cartridge systems.
- Bulk loading of soap or patented cartridge loading.
- Strong durable construction that protects against vandalism.
- Push style construction has longer life expectancy.

Old Product Code	NEW Code	Product Description	Size	Pack	Application
SD400	135090	Nu-Line Bulk Soap Dispenser	900 ml/ 11.42 qt capacity	1	  
SD400NIPPLE	134987	Soap dispenser nipple – only for SD400 / 135090		1

## Chemicals

### Spray Nine®

- Spray Nine® cleans hard surfaces such as stainless steel, plastic, tile, rubber, vinyl, fiberglass, porcelain and formica with “spray-on/wipe-off” ease. Use to disinfect and deodorize hospitals, nursing homes, schools, and other institutions where housekeeping is of prime importance, when used as directed. Hospitals, schools, and institutions – to clean and disinfect non-wood floors, painted (enamel) walls, vinyl, and metal furniture, kitchens and bathrooms. Also use to spot clean carpets, bedding and uniforms.
- Spray Nine® cleans and disinfects! Spray Nine® not only cleans better and faster than ordinary household cleaners — it also kills household germs in record time. In fact, Spray Nine has been certified by the Environmental Protection Agency (EPA) to kill the following organisms on inanimate surfaces in just 30 seconds: HIV - 1 Virus (associated with AIDS), Salmonella, Staphylococci, Pseudomonas. Used regularly, Spray Nine® greatly reduces the risk of cross infection!
- Biodegradable, non-flammable, solvent free and ready to use.

Old Product Code	NEW Code	Product Description	Size	Pack	Application
61000	134418	Spray Nine trigger - small	650 ml/ .687 qt	6	  
61001	134419	Spray Nine jug	4 L/ .880 gal	4	  
61003	134420	Spray Nine trigger - large	946 ml/ 1 qt	12	  

## Private Label

# Why Branding is Important

## Your brand is your corporate identity.

### Private labeling enables...

- your customers to remember your product-service.
- you to build customer loyalty and leads to repeat purchases.
- your current clients or customers to refer you to others.
- you to add value to your brand

The Vileda Professional – Marino Private Label Program helps create a personalized and unique brand for you or your customers. This unique identity can build value and recognition as well as differentiate your products from your competitors' products.

Using our custom process, we can now put you or your company in the forefront of your clients to maximize your image and help prevent theft.

## **FHP Toronto Warranty**

We are committed to meeting our customers' need and expectations. As a global manufacturer and supplier, we provide expert support to make our customers successful. We deliver superior value through our commitment to quality, service and reliability.

If you find that the product you have received from FHP is not meeting your expectations, we will arrange for it to be replaced, refunded, repaired or recommend an alternative solution.

This warranty does not cover product negligence, alteration, wear and tear, nondurable products or components, improper operation or misuse, and is limited to product that has been purchased within the last twelve months. Discontinued products are not covered under this warranty.

### **Vileda Professional – Marino – part of the Freudenberg Group**

Vileda Professional – Marino provide innovative cleaning solutions and systems for professional users in various application areas, such as General Building, Healthcare and HoReCa. With sales offices in major markets, and a wide network of representatives, we are located around the world.

Vileda Professional – Marino belong to the Freudenberg Group – a diversified family run global company, headquartered in Germany.

Helping you make a difference
